Man Who Thought Self Girl Tires of Being Bigger Male.

(SPECIAL DISPATCH.)
NORFOLK, Va., Sept. 20.—Charles G. Williams, who arrived in Norfolk, Va., last night, has just finished his first day in the life of a girl. He is a man who has been in the habit of dressing as a girl for some time, and has now decided to return to his former life. He is a man who has been in the habit of dressing as a girl for some time, and has now decided to return to his former life.

When Williams was born, two months ago, his mother was disappointed because she wanted a daughter. She named him "Vera" but his mother knew he was a boy. He was 21 years old when he was found out. He had never visited his mother since.

Two months ago Vera was brought to the mainland by his mother. She brought him to the mainland by his mother. She brought him to the mainland by his mother. She brought him to the mainland by his mother.

FREED ARMENIA LOVES AMERICA.

Yankees Only Real Friends People Have Had.

Soviet President Says They Are Working Hard.

Seven Years of Horror Just Come to an End.

(BY THE ASSOCIATED PRESS.)
ERIVAN (Soviet Republic of Armenia) Aug. 22.—Faxon Hibben, a representative of the Near East Relief, has had an interview with the Soviet President of Armenia in which the President told him that the feeling of the Armenians toward Americans for their help was something deeper than gratitude.

Mr. Hibben explains that the President is really the President of the Republic, a double abbreviation of revolutionary committee and that this committee corresponds to what would be called in most other countries the Cabinet.

The Armenian President came into an office where Mr. Hibben was talking with two members of the Cabinet. The relief agent describes the incident thus:

"The door opened in the casual way that people have of butting in and out of anybody's office and breaking into anybody's conversation in this Communist land and common soldier entered in the cotton khaki, high black boots and shirt outside his pants. His head was shaven like that of any soldier of the Red Guard. It was what writers call a bullet head. He pulled up a chair and sat down. He showed on the table, listening.

PROGRESS IS SLOW.
"What do you want to ask the President?" asked one of the ministers, waving his hand at the man dressed as a common soldier, without mark of distinction of any kind on him. We made very little progress until I asked him about the American relief work in Armenia; then he opened up a bit. Mr. Hibben quotes the Armenian President as saying:

"You Americans must have heard so much about the sufferings of Armenia that I can quite understand that you should say to yourself: 'What's the matter with these Armenians that they are always starving to death?' The only trouble is that you don't understand because in the United States you do not know what has been going on out here in Transcaucasia, nor what has taken place in Armenia itself since 1918. It has all been just one disaster after another, in a succession so hideous that it is almost unbelievable."

The President reviewed the chapters of Armenia's tale of woe—the World War, Turkish and Russian invasions and Armenia's war with Georgia. The final Turkish horror, he said, was only in April last, four months ago. He went on:

"In all these seven years from 1914, there has not been one moment of peace or security for anybody. Not a chance to get on one's feet. Everything destroyed, pillaged, burned. Everybody homeless. Everybody starving. A regular hell."

There's a free Armenia, today. And when everything's said and done there will be a free Armenia. It has cost a great many lives and an incredible deal of suffering. But it's worth it.

"But all through this struggle we Armenians felt that we could count, and we did count, on you Americans. You alone were disinterested in your relief work. You didn't mix in politics and you didn't try to exploit us.

"Just to say that we are grateful is nothing. What we feel about it is, of course, something deeper than mere gratitude. It is hard to say what it is that we feel. But you go out among the Armenian people, you, an American, and you will find that to them you are something different from other men. Whatever you want of them, you can have—to the last man of them. You don't need a passport or credentials or anything else. You are an American, that's enough."

"We've only had peace in this country four months now. We are working our heads off, all of us, to try to put the country on its feet again. But you cannot undo the terrible damage of seven years of destruction in seven months. We need help now more than we ever have, for it's now or never with us. We've got our chance—but we can't swing it alone. We have to have help from somewhere. In a year, if no new disaster hits us, we should be all right. But until then—well, you Americans have been the only real friends we have ever had."

WASHINGTON NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Sept. 20.—On the eve of the reassembling of Congress tomorrow, President Harding today took steps to speed up legislation and redeem Republican campaign promises.

Plans for an attack upon the provisions of the tax bill as amended by the Senate Finance Committee were under discussion at a conference today of Democratic members of the committee.

Armistice Day will be devoted to national observance of the memorial services in honor of America's unknown soldier dead, delegates and members of the international conference meeting only to adjourn and to take part in the services at Arlington.

Acting upon the report and recommendations of Gen. Wood, a cable summary of which has been received by the War Department, the United States will not abandon the Philippines in the present disturbed condition of the islands.

Individuals benefiting from the increased exemption on moderate incomes and for dependents will be the only ones who can notice a reduction in their tax bills on incomes payable in 1922.

Transcontinental carriers will reduce rates 18 per cent on vegetables from the Pacific Coast to territory east of the Rocky Mountains, as far as Chicago and the Mississippi River, it was announced today by the Interstate Commerce Commission.

Atty.-Gen. Daugherty said today that no decision had been reached by the Department of Justice as to the desirability of a modification of the meat packers' consent decree.

MOSCOW BUSY WITH TALK OF BIG MONEY.
BUT STORES ARE IDLE AND FACTORIES CLOSED FOR WANT OF CASH.

(BY CABLE-REUTERS DISPATCH.)
MOSCOW, Sept. 20.—Speculation is rampant in the capital of Soviet Russia. Wall Street, Threadneedle Street, or any other financial district in the world, has not half as many "meeting" operations as this ancient city of the Czar. The curbs are crowded each day with promoters trying to organize co-operative concerns from tea houses to automobile factories.

Markets are overworked with dealers, but buildings are standing idle because there is a lack of capital with which to pay the annual rentals, which must be met in advance. Licenses for 1922 shops and 148 stalls or street wagons have been issued in Moscow since the opening of the government levee of five per cent in kind on concessional prices for the production of goods on chemical manufacture, and ten per cent on metal working firms.

Twenty-six Moscow factories have been leased to private individuals out of 124 which the government has offered to concessionaires. These plants employ 1700 men. The government has retained 115 factories employing 150,000 workers.

PERSHING IS GUEST OF FRANCE TODAY.
GENERAL ARRIVES IN PARIS ON WAY TO INSPECT TROOPS AT COBLENZ.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Sept. 20.—The program for Gen. Pershing, during his French visit, remains indefinite. He will arrive in Paris Wednesday and will be met by Marshal J. G. Quequet, mayor, and a private soldier, will go to the Hotel Crillon as the guest of France.

United States Ambassador Herrick will give the general a dinner Thursday night. After two or three days in Paris, Gen. Pershing will go to Coblenz to inspect the American forces. Then he will return for the ceremony of placing the Medal of Honor voted by the American Congress on the tomb of the unknown soldier of France on October 2.

After the ceremony, Gen. Pershing will visit the battlefields and the American cemeteries.

HELD UP AT PORT; TO TEST NEW LAW.
SAN FRANCISCO, Sept. 20.—B. H. Higgins, an Australian, said to be a large owner of Los Angeles real estate, was among the passengers of the liners Sonoma and Marcora, who were detained by immigration officials tonight on the ground that the quota of aliens allowed to land at this port had been exceeded. Higgins, in a statement, said he planned to test the new immigration law under which he is being held.

Higgins is a naturalized Australian, having gone to the Antipodes fourteen years ago from the United States.

THEFT OF WHISKY BEING INVESTIGATED.
SAN FRANCISCO, Sept. 20.—Police and Federal officers today started an investigation of the reported theft of five barrels of whisky and two barrels of alcohol, the property of William and J. J. Breen.

The liquor was stolen, the Breen brothers said, during the last few days from a warehouse building operated by them, and was worth about \$10,000.

GRAPE PICKERS STRIKE FOR HIGHER WAGES.
LODI, Sept. 20.—More than 100 grape-pickers employed by the American Fruit Growers have refused to go back to work this morning for 35 cents an hour and demanded 45 cents.

James Prentice, local manager of the company, stated that he had 400 men employed, of whom about 100 were struck. More than half of the strikers are back at work, he said, and the other shortage is being rapidly filled.

PHILIPPINE REPORT NOT MADE PUBLIC

Secretary Weeks Admits That "We Are Not Going to Abandon the Islands."

(BY A. P. MONT WIRE.)
WASHINGTON, Sept. 20.—Recommendations of the Wood-Forbes commission sent to the Philippines by President Harding to report on the situation there for the information of the administration, will not be made public until Gov. Forbes returns to the United States next month with the full report.

Secretary Weeks said today he received a cable summary of the report, including the findings of the commission, but would not give out these advance extracts.

The commission's recommendations were "sufficient" to warrant appointment of a Governor-General for the islands, the Secretary said, adding that Gen. Wood's nomination would go to the Senate early in October. We are not going to abandon the islands," Weeks said, but he would make no additional statement.

No decision has been reached by the President, Weeks said, as to his selection of a Vice-governor. The Secretary added, however, that no Army officer would be chosen. Gen. Wood will return to Manila from Tokyo about October 4 and take his oath of office there as Governor-General.

PEKING, Sept. 20.—Maj.-Gen. Wood and W. Cameron Forbes, who have arrived here from the Philippines, were given a day of leisure today before entering on their program of official calls and entertainments.

They plan to depart for Japan by way of Korea on Sunday.

A rare surgical feat was performed to save Green's life. Four stitches were taken in Green's heart, which had been pierced in two places with a pocket knife. He was unconscious from loss of blood when placed on the operating table. Two surgeons of the hospital performed the operation and tonight predicted not only Green's complete recovery, but that the repaired organ would function properly for many years.

HOLSTEIN BREAKS RECORD.
YAKIMA (Wash.), Sept. 20.—Gerben Brander, Yakima, a June 2-year-old Holstein heifer, owned by Thomas Owens of Kirkland, last night completed a ten-month record in the State Fair grounds here, breaking the world's record of milk production for her class by 5000 pounds. Her total production in the ten months was 23,000 pounds of milk and 800 pounds of butter fat.

BURGENLAND TROUBLE INCREASING RAPIDLY.
VIENNA, Sept. 20.—The situation in Burgenland, the strip of territory on the Hungarian border awarded Austria by the Trianon treaty, is hourly growing more serious, according to the government view here. It was reported tonight that an ultimatum to Hungary, to be delivered Tuesday, says a commercial blockade will be instituted unless the territory is completely evacuated by the Hungarians within seventy-two hours.

Reports from Burgenland declare that the bands of the regulars are rapidly increasing, that the town of Oostenburg is mobilizing its entire population, and that the people are calling the people to arms in the Eisenstadt district are signed "in the name of Emperor Charles." The Austrian authorities state they also have information that artillery is being assembled at Keckesmet. Exchange of shots occurred Sunday between an Austrian and Hungarian band.

From Budapest comes a report that former Premier Friedrich has issued a call to arms to his faction.

AGED WOMAN ROBBED, SMOTHERED TO DEATH.
GRAND FORK (N. D.), Sept. 20.—Mrs. Bloona Seliger, 44 years old, was murdered last night. Her body was discovered today on a bed in the rear of a small grocery store. Her hands had been tied behind her back and the bedclothes and pillow piled over her face, causing death by smothering. A rifle trunk near the bed indicated that robbery was the motive.

CLASH WITH MOORS REPORTED BY SPAIN.
MADRID, Sept. 20.—An engagement between a small Spanish force and a party of Moors at Tizana in the Spanish Moroccan zone, in which the Spanish scored a pronounced success is announced in an official telegram received this morning from Tetuan. Conditions in the Melilla and El Arish areas are reported quiet.

RUSSIANS SEEK AMERICAN WIVES

Marriages Arranged to Help Penniless Refugees.

Many Take Turks to Provide Temporary Homes.

Even in Adversity They do Not Lose Manners.

CONSTANTINOPLE, Sept. 20.—The American Legation here today announced that it had received information from a Russian source that a number of Russian refugees were seeking American wives.

The source stated that the refugees were seeking wives in order to provide themselves with temporary homes and to escape the hardships of their present situation.

The American Legation is now endeavoring to ascertain the names and addresses of the refugees and to arrange for their marriages with American women.

The source also stated that many of the refugees were taking Turkish wives in order to provide themselves with temporary homes and to escape the hardships of their present situation.

VETERAN HIKES TO PROMISED JOB.

Taking 400-Mile Walk with Cart of His Tools to Gain Occupation.

BY A. P. MURPHY. WASH., Sept. 20.—Ward A. Pennyl, electrician, recently out of work, was hiking 400 miles across country today to Pittsburgh, where he has been offered a job.

Pennyl left yesterday, drawing his tools in a small cart. An American Legion member raised a purse for Pennyl, a former soldier, who was enabled to send his wife and five children ahead by train.

Some 30,000, but her leniency to refugees is finding its limit.

Princess Gollitz, who formerly held immense estates near Kiev and may recover them, among hundreds of others, is courageously attempting to exist on a living by utilizing his knowledge of precious stones, of which he once had a large collection.

Such men often lose their clothing and baggage to rapacious landlords who serve them in default of the payment of rent, but the Russian aristocrats never lose their politeness and courtesy in adversity. They still kiss reverently the hands of women, after the manner of their country. Often cheerful and courteous in the face of poverty, they share their last money with friends.

DISORDER AT OPENING OF DUTCH PARLIAMENT

THE HAGUE, Sept. 20.—Parliament was opened by Queen Wilhelmina today amidst scenes of disorder. A demonstration was carried out in the street before the Parliament building for the purpose of securing the release of a man named Groenendijk, imprisoned for refusing to perform military service.

Several persons who attempted to approach the Royal Carriage were arrested.

Antimilitarist shouts were raised in the Parliament hall itself, and the reading of the speech from the throne momentarily was drowned in the tumult.

Odd Fellows Hold Social Affairs.

TORONTO, Sept. 20.—Three receptions featured the program today of the Sovereign Grand Lodge of the Independent Order of Odd Fellows, in convention here.

Mr. Fleming visited the State Department at Washington in the middle of the summer and it was understood, presented criticisms of the United States Constitution which have not been made public. Soon after his return from Washington to Shanghai in July, he was arrested on a warrant charging him with criminal libel against Stirling Foreman of Shanghai, a member of the law firm of which Mr. Channey P. Holcomb, United States District Attorney for China, was formerly a member.

CHARGES CONSPIRACY.

The preliminary hearing of the libel case before a United States commissioner, Mr. Fleming charged against the various court officials and others, and alleged that he was the victim of a conspiracy.

Mr. Fleming repeated these charges in part when arraigned before Judge Lobbinger in the United States court, whereupon the judge held him guilty of contempt and imposed the prison sentence.

Imposition of these charges, eight affidavits have been filed in the court by officials and other persons, alleging that Mr. Fleming, all of which deny his charges against Judge Lobbinger and the others. Meanwhile the charges of libel remain undisposed of.

While the hearing was in progress, Mr. Fleming offered a motion for change of venue, alleging among other things that the judge of the court was his worst enemy.

Arguing that under American legal procedure, he could not be tried fairly on a criminal charge by an enemy, Judge Lobbinger, in contempt of him for contempt, did not pass upon Fleming's motion for a change of venue.

EX-WIFE SEWS UP NEW YORKER'S INCOME

TIES UP TRUST FUND UNTIL HE REPAYS PORTRAIT OF DECEASED BACE ALMONY.

NEW YORK, Sept. 20.—Mrs. Abigail Hancock Bishop, former wife of James C. Bishop, whose father, Herbert R. Bishop, left him a trust fund of \$44,000, today succeeded in tying up the fund with Bishop's income from it, of between \$10,000 and \$14,000 a year, until he repays her \$10,000.

Mrs. Bishop named as defendants the trustees of the trust fund, Moses Taylor, brother-in-law, Francis C. Bishop, brother, and the Metropolitan Trust Company. Mrs. Bishop secured a divorce in 1918 with the custody of the five children and the \$10,000 a year. This subsequently was reduced to \$10,000, which Bishop paid, except for the last year, when he started deducting \$20 a week from the amount.

He has more than \$1500 a year for the education of his daughter, Abigail. In June Mrs. Bishop secured a further deduction of \$20 a week, explaining Abigail's clothing was expensive.

Mrs. Bishop charges that the girl's father alienated the affection of Abigail by soliciting her from her home to Toronto, Pa., where the daughter now is with her father.

WOMAN ONLY SURVIVOR.

ST. VINCENT (Windward Islands) Sept. 20.—A woman passenger was the sole survivor of the sloop Coronado, which was wrecked on the coast of St. Lucia for Grenada. The sloop encountered a terrific storm on September 17. The woman remained clinging to the hull, while the others had been swept away. Drifted through high seas, the vessel finally stranded on reef.

In her perilous position, the woman was observed by a fisherman, who rescued her.

SHANGHAI CASE PROVES UNUSUAL

Lawyer Sent to Jail for His Criticism of Court.

Says Judge is Worst Enemy; Asks Change of Venue.

Case to be Reviewed in the Courts of This State.

SHANGHAI, Sept. 19.—Americans in the case of William P. Fleming, an American attorney and head of a law firm here, who, on July 25, was sentenced by Judge Lobbinger of the United States Court for China to serve a sentence of six months in the American prison in Shanghai for contempt of court.

After having served thirteen days his sentence was, suspended by Judge Lobbinger pending a review of the proceedings by the Ninth District United States Circuit Court of Appeals for California, to which the case is being taken on a writ of the amount of \$1000 when released.

The case has developed into a sensation in legal circles, largely because of the unusual position of Mr. Fleming, who is a prominent figure in the financial world of Shanghai, senior member of one of the leading American law firms of the Far East, and Mr. Fleming upon the integrity of Judge Lobbinger and upon certain officers of his court.

UNUSUAL POSITION.

The case also has brought into public notice the unusual position in which the United States Court for China functions under existing laws. As an example of this situation, the court, attorneys here point out that some months ago Judge Lobbinger handed down a decision in a capital case to the effect that an American citizen who had been tried for his life in that court by jury.

This ruling was based on a decision of the United States Supreme Court in the Ross case, which held that the guarantees given by the United States Constitution "apply only to citizens and others within the United States or who may be brought there for trial for alleged offenses committed elsewhere and not to residents or temporary sojourners abroad."

It is generally held by attorneys here, also, that no change of venue may be granted in cases brought before the United States Court for China.

Mr. Fleming visited the State Department at Washington in the middle of the summer and it was understood, presented criticisms of the United States Constitution which have not been made public. Soon after his return from Washington to Shanghai in July, he was arrested on a warrant charging him with criminal libel against Stirling Foreman of Shanghai, a member of the law firm of which Mr. Channey P. Holcomb, United States District Attorney for China, was formerly a member.

CHARGES CONSPIRACY.

The preliminary hearing of the libel case before a United States commissioner, Mr. Fleming charged against the various court officials and others, and alleged that he was the victim of a conspiracy.

Mr. Fleming repeated these charges in part when arraigned before Judge Lobbinger in the United States court, whereupon the judge held him guilty of contempt and imposed the prison sentence.

Imposition of these charges, eight affidavits have been filed in the court by officials and other persons, alleging that Mr. Fleming, all of which deny his charges against Judge Lobbinger and the others. Meanwhile the charges of libel remain undisposed of.

While the hearing was in progress, Mr. Fleming offered a motion for change of venue, alleging among other things that the judge of the court was his worst enemy.

Arguing that under American legal procedure, he could not be tried fairly on a criminal charge by an enemy, Judge Lobbinger, in contempt of him for contempt, did not pass upon Fleming's motion for a change of venue.

Erte-Vierra Clash is Also an

Upsticks Affair.

BY ED O'MALLEY.

Eddie Macy and "Dynamite" Joe

Murphy boxed to a draw at Jack

Doyle's pavilion last night before a

packed house. The verdict of

Referee Dick Donald was well re-

ceived and was just. Murphy, had

not been for his wiliness, must

have been given the decision.

Many times he missed terrific

rights to the head which brought

laughs from the crowd. The first

round was fast and furious with

both lads milling about even. Eddie

appeared to have the better of the

fighting but Joe's long range

work was the better.

The second round was Macy's.

After the boys had been going at

top speed for about a minute, Ed-

dle shot a snappy left to the nose

drawing the claret. A moment

later he poked the same member to

the right eye painting a beautiful

'house under Joe's optic. Macy

also showed a nifty right to the

stomach and blocked many of

Murphy's vicious swings.

Joe's judgment of distance ap-

peared to be poor. Murphy was very

wild in this session, and missed

many an opportunity for the jaw.

The third round was a draw. The

After Being Four Down.

BY JOE DAVIS.

ST. LOUIS COUNTRY CLUB (Clayton, Mo.) Sept. 20.

Of the sixteen survivors after the first match round of the

national amateur golf championship today, ten are from the West,

three from the East, two from Great Britain, and one from the

South—Bobby Jones, who is an institution rather than a single

player.

Outside of the defeat of Reggie Lewis of Greenwich, Ct., by

Dr. O. F. Willing of Portland, there was no real upset during the

day. Chick Evans overwhelmingly defeated Charles L. Dexter,

Jr., of Dallas, former southern champion, who, in his own sec-

tion, has at times defeated Evans, Francis Ouimet and Jerome

Travers. Bob Gardner found a tough opponent in Clark Spiers

from Seattle, runner-up in the Pacific Coast championship. This

duel reached the thirty-sixth hole. Harrison R. Johnston of St.

Paul, the Minnesota champion, disposed of Albert Seckel of

Riverside, and Willie Hunter, the British amateur champion, de-

feated E. Hoover Bankard of Chicago, 7 and 5. Loren E. Bunning

and Dewey Weber of the Edgewood Club of Lagrange were the

other Chicagoans who came safely through the trials of today.

As expected, the meeting of

Francis Ouimet and Max Marston

of the Merion Club of Philadelphia

proved one of the big attractions

and when the stock gamely until

the Quaker City finished the morn-

ing round with a lead of 3 up, the

gallery flocked after them in the

afternoon.

Francis Ouimet of Boston not only won the medal in the titular golf

tourney at the St. Louis Country Club on Monday, but tied the cham-

pionship record of 144 strokes for thirty-six holes and established a

new record of 69 for eighteen holes of the St. Louis course. Yesterday

he played magnificently against Max Marston, and after being four

down won four of the next six holes, three of them with birdies, win-

ning the match 2 and 1.

Sharp Competition Features Play at Ardsley.

BY FRED HAWTHORNE. (EXCLUSIVE DISPATCH.)

NEW YORK, Sept. 20.—The feature of a busy day on the turf courts of the Ardsley Club at Ardsley-on-Hudson, this afternoon, was the playing of Mrs. Mollie Murstedt Mallory, the national champion, in the women's sixth annual invitation lawn tennis tournament. In one singles and two doubles matches Mrs. Mallory played a total of thirty-seven games and won thirty-six of them, probably losing one in the doubles merely to prove that she is human after all.

In another doubles match, Mrs. Mary K. Browne and Mrs. Louise R. Williams of California, the national champions, defeated Mrs. Rawson L. Wood and Miss Florence Ballin of the West Side Tennis Club by a score of 7-1, 6-4. Here was a match in which hard stroking and sharp rallies were featured. Considering the reputation and experience of their opponents, Mrs. Wood and Miss Ballin made a remarkably good showing.

The summary of the doubles follows: Women's invitation doubles (first round) Mrs. M. K. Browne and Mrs. L. R. Williams defeated Mrs. Rawson L. Wood and Miss Florence Ballin, 7-1, 6-4. Mrs. M. K. Browne and Mrs. L. R. Williams defeated Mrs. Rawson L. Wood and Miss Florence Ballin, 7-1, 6-4. Mrs. M. K. Browne and Mrs. L. R. Williams defeated Mrs. Rawson L. TWO A DAY FOR THE CARDS.

Coach Van Gent of Stanford Awards His Pigskin Hopfuls a Double Portion of Practice.

(EXCLUSIVE DISPATCH.) STANFORD UNIVERSITY, Sept. 20.—Sixty-five young huskies from all parts of California reported to Coach Duffy Seay for the first freshman football practice yesterday at the Stanford field. The varsity squad, under Coach Gene Van Gent, swelled to over sixty candidates while a large number of known freshmen and varsity prospects are yet to put in an appearance.

Two practices a day are in order for Van Gent's men, and for the readings as well. At 10 o'clock every morning Head Coach Van Gent, "Pink" Templeton, and Line Coach J. B. Canning begin a thorough workout, which lasts an hour and a half, and the process is repeated from 3 to 4 in the afternoon.

Assistant Coach Fitzgerald was forced to take a short trip to Los Angeles, but is expected back tomorrow. Fitzgerald called signals for Harvard last year, and will endeavor to show the Cardinal aspirants for the keystone position a few things along this line.

Among the freshmen, who show possibilities are MacRe, Dennis and Whiteman of Los Angeles, Dennis, who captained the Los Angeles High School eleven last year, has been on the ground for several days, and looks to have the real story. Other excellent looking material include Harry Shipka, tackle and end, of Fullerton; Harry of Whittier; half-back of four years' experience; Van Hook, center for four years at Santa Monica; John Dymally of San Jose; Bob Jannsen of San Francisco; J. M. Hughes of Hollywood; Stanley Balch of Marysville; Harry Heister of Oakland, and Morris Thede of Madera.

ASSISTS SEAT. Coach Seay in developing the large squad will be assisted by Bob Craven of last year's varsity, who, because of injuries, will be unable to play this season.

The freshmen have their first game with Lewis High of San Francisco on October 1. The remainder of the schedule released today, includes Salinas High, on October 8; Stockton, October 15; Selma, October 22; the College of the Pacific, October 29; Lincoln High School of Los Angeles on November 5, and the University of California freshmen, November 12. The record of the freshmen was unexpected for the first day of practice. The university registration day is yet two weeks away. The day of fifty jerseys was exhausted shortly after the supply room opened, and a hurry call was sent out for fifty more. The turnout was large, but no more so than the men themselves, and the excitement of the coach revealed that few of them have not had a considerable amount of experience. Duffy Seay has just two weeks in which to prepare an eleven for its first game on registration day.

Comparative Mileage is the true test of tire quality

Mere mileage is not a fair measure of a tire's quality. It is comparative mileage that counts—the degree to which a Miller tire will outlast others under like conditions. So that is what we strive for in every Miller tire we build. It must be better than its rivals. And we wear out a thousand tires a year in proving to ourselves that we are living up to our policy and producing a better tire. On machines specially constructed to give approximate road conditions in the Miller factory, stock Miller tires are run side-by-side with rival tires, 650 miles every twenty-four hours. In every case the Miller tire must outrun its rival—and does. That's why the Miller Rubber Company has jumped from thirty-second in size to among the first in less than ten years. That's why men are buying Miller geared-to-the-road tires in all parts of the country. That's why Miller dealers are enjoying quick sales. That's why the Miller factories today are back to full production. Put Millers on your car. If you are getting a new car insist on Miller Tires at no extra cost. Twenty-four automobile makers equip with Millers.

business to fatten up the ducks at his club for the fall shooting. Inspired behind the plate with Jimmy Toman tending the base. The new ump showed himself to be a man of force by firing Rollie Zelder off the bench in the eighth. Rollie had kicked vehemently against a called third strike, and after returning to the dugout continued to think out loud. This enabled Mr. Carroll to read his thoughts by ear, and it was the O. B. for Rollie. However, Zelder didn't leave as ordered. Instead, Carl Sawyer sought to suffer in his place, and went to the clubhouse. But when the next inning started, Sawyer walked out to second, Carroll discovered the discrepancy and bounced Rollie Zelder out of the arena and going in at second. Meantime the afternoon scribes had wired in that Sawyer was the one selected, and for the next few minutes they were busier than a tramp with the itch trying to rectify the mistake.

CRITICALLY ILL. Butch Baylor was the brains behind the Salt Lake team, he being manager pro tem. The last is a crucial series, but it is a critical series, three of the Salt Lake players being critically ill, or at least recently in that condition. Manager Cravath, Kipke Thornton and Joe Whitson are convalescent of the flu, and at once scattered to their respective homes in Los Angeles, Santa Ana and Santa Barbara on the team's arrival. The Spaniards, formerly known as the Spanish flu, but has since become naturalized. Some favor calling it Spanish-American flu, but there is no place in this country for hypernated influenza. Live with it, and get sick like an American. Cravath thought he was about well when he arrived, but he sneezed out a flu germ weighing two ounces and was unable to recapture it. The scores:

PIES START ROMANCE.

VAUDEVILLIAN WILL WED AND
RETURN TO STAGE.

By Grace Kingsley.

Pie men are to be considered very romantic, but you probably can't make Gus Reed, formerly of the vaudeville team of Yates and Reed, and Ivy Cunningham, sister of Flo Cunningham at the Orpheum this week, believe that romance isn't built on pie, and fed and brought to fruition on pie.

The two are to be married today, and they will take a honeymoon trip during which, doubtless, large quantities of pie will be reverently eaten. Because if it hadn't been for that delicacy, the two never would have met.

Of course, pie, though not romantic, is a recognized factor in art, as see Miss Bennett's various operas. So, after all, when Gus Reed and Yates quit each other's professional company for a summer lay-off in Los Angeles, it was only natural that Reed should accept an offer from one Ford, brother of Flo Cunningham, to improve the shining hours by going into the pie-baking business. The erstwhile comedian packed up his dancing pumps, rolled up his sleeves and went to work.

But into how one day came beautiful Ivy Cunningham. She wanted a pie, and went into Reed's and Ford's place to buy one. Reed and she got to talking, and Reed coyly admitted he hadn't always been in trade, but that he was something of a hot tamale himself when it came to the artistic staff. Then it was divulged that Ford was a sort of professional brother-in-law to Miss Cunningham by reason of her sister's artistic relationship with him on the Orpheum circuit. From then on all was sweetness and light.

The marriage license was secured by Reed Monday, but not without some complications. Inasmuch as kidding friends steered them first to the dog license bureau, where the pair departed in burning indignation. But they reached the rapid press agent department all right finally, and after the wedding ceremony today, will take a short honeymoon.

The bridegroom is shortly to leave his commercial pursuit and rejoin his vaudeville partner on the Orpheum circuit.

Katherine MacDonald injured.

Having but narrowly escaped drowning yesterday when a boat in which she was working in her current picture overturned in the surf at Santa Monica, Katherine MacDonald, first national star, will not be able to be at the studio for three or four days at least. At the same time Al Domingo, another player, an extra man, was also injured.

Efforts to get one of the studio workers, known as Shorty St. Cyr, undoubtedly saved Miss MacDonald's life. Katherine MacDonald is a fair swimmer, her knee was hurt in the capsizing of the boat, and she was encumbered with a heavy tailored suit. The undertow was strong, with the tide going out.

It was while taking scenes for "The Indel," following work on a yacht, that the rowboat, approaching the breakers, overturned. All the occupants, six in number, were tossed into the ocean. The star was at once rushed to her home in this city in her automobile, and Al Domingo, the extra man, who was hurt, was taken to a Santa Monica hospital.

Jack Pickford Remains.

After all, Jack Pickford isn't to go abroad. He has changed his mind and will remain in the city and head at "The Tallor-Made Man."

Lester Cuneo's New One.

Life is just a little bit dull for Lester Cuneo, picture star, since he came home from the war, that is if he can't play in a picture with plenty of action.

He has just completed one full of thrills, and now he is shortly to begin another which will have as its principal prop, an airplane. Leo McCarty is writing the story, and if Cuneo doesn't get a chance to do something spectacular it isn't going to be their fault.

Constance Vacationing.

Constance Binney is experiencing the delights of her first California between pictures vacation. There are so many places she wishes to visit that she hardly knows which to visit first, but is consulting the colored picture postcards as a guide. In any case she means to visit Coronado, not to say Tijuana and Catalina.

But the trip won't be all fun. She takes along with her the script of her next picture. This will be filmed from an original story by Harvey Thew, with scenario by Aubrey Stauffer and Milton Schwartz.

Rex Ingram in Country.

Rex Ingram has completed the interior scenes of his forthcoming production of "Turn of Mind" for Metro, and now is working on the exteriors.

The entire company have been at the old Martin ranch in the San Fernando Valley for several days, visualizing New England farm life.

And Ingram claims to have found the only spot in Southern California from which no vestige of a palm can be seen, except, of course, the palms of the waiters in the local cafe.

Loves His Work.

Some people do have all the luck. Take Bert Lytell, now in "Keep Off the Grass," his current Metro picture, he does all the things that, if he were on vacation, he'd do anyhow, and pay for doing, too. In short, he is golfing, tennis and running speedy motor cars.

Viola Will Take Rest.

When little Viola Dana finishes "Class Houses," her current Metro picture, she is going to take a vacation and motor to Coronado for her idea of a rest, which means dancing, swimming, motorcaring and hiking.

Appearing in "Miss Lulu Bell" at Lasky's.

Helen Ferguson,
Who reincarnates a charming impression of a rural ingenue in William de Mille feature.

Famous Players-Lasky British Producers, Ltd., a picture of the successful Broadway comedy.

Norman Kerry and Anna Q. Nilsson will appear respectively in the roles of Billy Foster and Ivy, and Cyril Chadwick will portray "Sooty," which he created in the stage production. It is expected that during his stay in Europe Mr. Fittsmauer will make three pictures, for which his director, the late William de Mille, will write the scenarios. Edmund Goulding has taken over the direction of the picture, and also enacting the part of Jimmy Gubbins, the Cockney "Ghost."

Wallace Reid's Next.

"The Champion," which is to be Wallace Reid's next picture, and upon which active shooting is just beginning, will be directed by Chet Whiter. Whiter saw "The Champion" in New York and both Reid and the director are convinced that it will please the moviegoers. The story is by Grant Mitchell, and the hero is a prize fighter. This will be the first time Reid has played such a role.

Dustin Farnum in It.

Picturesque Catalina Island has been turned into a motion picture stage for the direction of the William Fox technical staff a city has been erected in Avalon and some of the most famous of the whites, are engaged in the filming of the George Allen England story, "Cursed," in which Dustin Farnum is portraying the leading role, with Bernard Durning directing.

SHEER NONSENSE AT PANTAGES BROADWAY.

If you want a bit of sheer nonsense—and who doesn't want it?—go to Pantages Broadway to see it and hear it in "Stung," which Oklahoma Bob Albright and his Broadway Folies are presenting with their usual eclat.

The entire cast of pretty girls, who are aided and abetted by the entire Folies cast of pretty girls, are engaged in the filming of the George Allen England story, "Cursed," in which Dustin Farnum is portraying the leading role, with Bernard Durning directing.

Carlton Emmy's "wags"—that is his dogs, really seem to enjoy going through their stunts. And they do some startling tricks that would make the average athletic cat look to its honors.

Borden and "Sir" James Dwyer put over a lot of humorous hokum that gets a large and generous hand, while Borden does some nonsense.

In the Argentine tango act one of the features is the original tango of "The Four Horsemen of the Apocalypse." At least, so it is cleverly billed. The solo dancer, Puro Valdes, is a skillful stepper.

Also on the program are Scamp and Scamp two good natured comedians; Shelton Brooks, the song writer, who has a very bright turn; Santucci, a harmonica accompanist; and the Charlie Troupe of eccentric contortionists, who always please.

Harriet Hammond, the featured player, has her first big dramatic part and like many of her predecessors who have been recruited from the bathing-suit parade, she has been found to possess excellent dramatic ability.

THE BURBANK REVUE
IS "THE SHOW GIRL."

"The Showgirl," a new musical revue, made a triumphant entry at the Burbank Sunday. It was brought to Los Angeles by the Hi Jinks Revue organization.

"The Showgirl" deals first, last and all the time, with the port of episodes and adventures that run across the path of the typical chorus beauty, who has her troubles dodging Johnnies and who gets into more trouble when a jealous wife learns that her hubby is fast falling for the showgirl.

Set against a background of gorgeous scenic effects, he-peopled with all the principals and favorites of the Hi Jinks Company, and given added lustre with the Beauty

RADIOS.

WASHBURN IN LEAD.

Signs for dramatic role in "Hungry Hearts."

By Edwin Schallert.

Having been out of the eye of the camera for nearly a year, Bryant Washburn, formerly starred in Lasky comedy-dramas, is to return to the screen in a serious role in the picture of "Hungry Hearts" from the Anzia Yezierska novel at the Goldwyn studios. He is to have the leading male role in the picture, that of the lawyer who befriends the heroine portrayed by Ethel Kay, and is to be featured with Miss Kay.

Not since the spring of 1920 has Mr. Washburn appeared in pictures in this locality. He spent the summer last year on a film-making expedition to England. The result of this was his independent feature, "The Road to London," to show locally next week at the Hippodrome Theater. Immediately following his return, he made a personal appearance four with the picture.

Washburn has generally been associated with lighter dramatic material, and consequently his appearance in "Hungry Hearts" will have a special interest for film followers.

Rumor has it that Vera Gordon will be brought from the East to play the part of the mother in the production. Miss Gordon is noted for her portrayals of mother roles in "Humoresque" and other pictures.

Other players who have been actually engaged are George Siegman and Otto Lederer.

Slidman Film Completed.

A unique film project is nearing fulfillment in the completion of camera work on "My Wandering Boy," a feature produced by the Benjie Slidman, formerly associated with Douglas Fairbanks and Mary Pickford enterprises. Those who have viewed the feature, which is now being cut and titled, declare that it is full of unusual interest and human appeal.

The film was made at the Katherine MacDonell studios from the scenario by Gerald Duxy, with Jimmie Hogan as director. Principals in the picture include Cullen Landis, Ruth Miller, Virginia True Boardman, Carl Stockdale, Ben Deely, Kathleen Key, and Clarence Badger, Jr.

The organization has been working quietly for about two months. Cutting and titling of the feature is being done by the studio.

It is interesting to note that the picture is being made in the form of an association rather than a company.

Enlarges Another Limb.

It begins to look as if Samuel Goldwyn were about to corral all the authors. At least, he has added to his stock by his newest move in New York. According to wire advice from the city yesterday, a contract has just been entered into between the Goldwyn Pictures Corporation and the Benjamin H. Hamilton productions, whereby the latter are to be distributed by Goldwyn.

This means that the works of such authors as Zane Grey and Winston Churchill will become part of the Goldwyn output.

The first picture to be released under the terms of his agreement will be a Zane Grey story. It will be issued about December 1.

Linder Plans Burlesque.

No sooner do we have "The Three Musketeers" thrown on the screen in all the atmosphere of its romance, than there is promise of a burlesque on the film version of the Dumas story. It is Max Linder who proposes to do this, and the probabilities are that the undertaking will mark his return to the short-reel features, at least temporarily. The place of production remains yet to be decided.

Mr. Linder is at present busy casting.

Tabloid Film Thriller.

Four two-reel dramas have now been completed by the Salig-Rock organization. The latest to be filmed is titled "The White Mouse," which is a real thriller in film form.

The story is by James Oliver Curwood, and the locale of the picture, at least, for a sequence or so, is the Far North.

The cast is made up of Lewis Stone, Wallace Beery, Ethel Gray Stone, Wallace Louie, Benjie Wong, a Chinese girl, and Margaret McWade. Beery plays an interesting role that of a half-caste Chinese, who masquerades as a white doer.

"RUINED LADY" PROGRESSES.

Although now in its fifth week "The Ruined Lady" at the Majestic Theater continues to play to capacity houses. The comedy is proving itself one of the most popular of many comedies the Wilkes play.

Because of the continued demand Manager Corper has decided to run the play next week.

GOVERNMENT MAY INVESTIGATE KLAN.

DEPARTMENT OF JUSTICE RECEIVES BUCK FROM DAUGHTERY; POLICY UNDECIDED.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 20.—The Department of Justice is considering whether Federal action shall be taken in connection with the activities of the Ku Klux Klan, Atty.-Gen. Daugherty said today.

Mr. Daugherty said he would confer tomorrow with Director Burns of the Bureau of Investigation, who has been directed to look into the question, and if the facts warranted, would seek a grand jury investigation of the Ku Klux Klan in some district and urge indictment against any members who were justified.

Any Federal action against the Klan, Mr. Daugherty said, would probably be under some statute covering conspiracy, but the legal problem involved, he added, was somewhat complex. On his side, he explained, the literature of the Ku Klux Klan was not in violation of the law.

What was to be determined, he explained, was what went on behind the scenes.

The government, he said, is not to be run or intimidated by any man or organization behind a mask. Activities of the Ku Klux Klan, he added, would be given the most careful consideration before any Federal policy was formed.

FOOTBALL INJURIES FATAL.

ELIZABETH CITY (N. C.) Sept. 20.—William Pritchard, 16 years old, died today of injuries received in practice with the local high school football squad yesterday. His neck was dislocated.

SUICIDES INCREASING IN THE WINDY CITY.

YEAR PROMISES TO RIVAL 1915; UNEMPLOYMENT GIVEN AS CAUSE.

(REUTERS DISPATCH.)
CHICAGO, Sept. 20.—Three hundred and seventeen persons have committed suicide in Chicago so far this year, and if this ratio is maintained, the year's total will be 496, the largest number since 1915, when 611 persons ended their lives.

Statistics attribute the increase to unemployment. They point out that 1915 was a bad year, economically, and many persons were out of work at that time. Then came the war inflation, work for everybody at any price. The suicide wave dwindled to a total of 345 in 1920. City statistics show that persons ending their own lives are not confined to any race, age, creed or color. In 1920, the suicides ranged from 15 to 59 years.

POPE SAYS EGOTISM IS HURTING SOCIETY.

(BY CABLE AND ASSOCIATED PRESS.)
ROME, Sept. 20.—Society today is deeply affected by civil discord, due to excessive egotism, and a refusal to acknowledge inevitable differences between social classes, said Pope Benedict yesterday during an address to members of the Order of St. Francis, gathered here in international congress. A result, he added, treaties of peace were signed by nations, but they continued to engage in bloody conflicts.

Pope Benedict emphasized St. Francis' love of peace and concord, and said only that this spirit could help present conditions.

ACTIONS TO RECOVER FARM MONEY FILED.

SAN FRANCISCO, Sept. 20.—Seven separate suits for the recovery of a total of \$95,000 from the United States Farm Land Company in connection with the sale of portions of the 100,000-acre Chowchilla Ranch in Merced and Madera counties, were presented to the Superior Court for action today.

The suits were filed yesterday. The complaints allege that the company induced two Chicago real estate firms to undertake the sale of the Chowchilla lands at \$200 an acre, whereas most of the property is worth not more than \$10 an acre.

He was first elected in 1915.

DAMAGED SUBMARINE NOW IS SAFE IN CUBA.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 20.—Safe arrival at Guantanamo Bay, Cuba, of the American submarine R-27, which while en route from Coco Solo, Panama Canal Zone, to Guantanamo, sent out a distress call Sunday night, was reported today to the Navy Department.

SAMOA MURDER PLOT IS NIPPED.

Petty Chiefs Planned to Slay Their Superiors.

Loyalty to United States is Given as Cause.

Richmond Man is Refused Entrance to Island.

(A. P. FOREIGN CORRESPONDENCE.)
PAGO PAGO (American Samoa) Sept. 5.—A conspiracy on the part of a number of petty chiefs to slay the high chiefs because of their loyalty to the American administration on the island, has been broken up by the island authorities. Seventeen of the ringleaders have been sentenced to prison for terms ranging from five to seven and one-half years.

DENIED ADMISSION.
Sammy Ripley of Richmond, Cal., who with his brothers and sisters is interested in Samoan property, was denied admission to the island on August 15 by Gov. Waldo Evans, U.S.N., and departed for Australia on the steamer Sonoma.

Ripley, on his arrival, presented a letter of introduction to Gov. Evans from C. S. Hannum, a Richmond attorney, which said that Ripley's mission to the American Samoa was on business alone. Upon examination by Gov. Evans, Ripley is said to have declared that his errand was of a political nature. Gov. Evans then informed Ripley that under the circumstances he would not be permitted to remain in Samoa.

Several weeks prior to Ripley's arrival here secret meetings had been held at which seditious speeches were made and resolutions adopted to slay some of the high chiefs who had demonstrated their loyalty to the American administration.

WARRANTS ISSUED.
Soon after the departure of the steamer Sonoma, reports reached Gov. Evans that some of the conspirators were about to put into effect their plans for the murder of the high chiefs. Warrants were immediately issued for the arrest of seventeen of the petty chiefs on charges of conspiracy to commit murder.

The accused men were brought here and pleaded guilty before Judge Sydney Hall and two Samoan associate justices. After sentences had been pronounced the prisoners addressed a letter to their followers advising them to return to their own villages and not to heed further the trouble makers. As a result of breaking up the conspiracy and the admonishing letter of the petty chiefs, a much better feeling now prevails toward the government, the authorities said.

CONVICTED CHIEF'S LETTER.
The letter drawn up by the convicted petty chiefs reads as follows: "Aug. 24, 1921.

"To the chiefs and talking chiefs of Tualata: We wish to inform you that our trial was closed yesterday and the decision was as follows: No. 1, seven and one-half years in jail; No. 2, five years in jail. Now we are sending this letter to you to be sure and be loyal to the government. Therefore we wish you people that as soon as you get this letter everybody must go to his own village and do whatever the government directed. I wish to say that we surely deserve the punishment and accepted with satisfaction. We warn you not to listen to other people who may give you further wrong advice.

"Yours truly,
"LIU AND TELIA."

RESIDENT OF RICHMOND.
(BY A. P. NIGHT WIRE.)

OAKLAND, Sept. 20.—Samuel Ripley has been a resident of Richmond before and since the war, in which he served in the American Army. He is heir to estates in Samoa, which are occupied by his brothers and sisters and from which he has derived a revenue. Following his discharge from the service he went to Samoa and was engaged to a slight extent in the alterations there at that time between the natives and this country. Upon his return he prepared, with the assistance of Judge C. S. Hannum of Richmond, a report which Judge Hannum filed with the State Department.

On August 2 he sailed for Samoa again on business of his estate but was denied landing by the natives at Pago Pago. It is declared by Judge Hannum that his errand was entirely without political significance.

REPORTS JUGO-SLAV CLASH WITH ALBANIA.

(BY CABLE AND ASSOCIATED PRESS.)

GENEVA, Sept. 20.—Bishop Theophilus Noll, the Albanian delegate to the Assembly of the League of Nations, today notified the political committee of the Assembly that hostilities had broken out on the frontier between Jugoslavia and Albania.

The Jugo-Slavs, Bishop Noll asserted, bombarded the village of Arras on Sunday last after delivering an ultimatum on Saturday demanding the evacuation within twenty-four hours of Arras and five other villages.

COMMISSION FOR SALE OF BONDS HELD VALID.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Sept. 20.—The last Legislature was within the law in appropriating \$400,000 to be used as a commission in the sale of \$1,000,000 bonds for the construction of capitol extension buildings, it is held by Atty.-Gen. C. S. Webb, in an opinion received today by the State Board of Control.

Official at the capitol, following receipt of the opinion, stated that the bonds would be advertised for sale as soon as Gov. Stephens returns from a tour of northern counties of the State.

MURDERER ELECTROCUTED.

(BY A. P. NIGHT WIRE.)

COLUMBUS (O.) Sept. 20.—Andrew Davy, 31 years old, was electrocuted at the Ohio penitentiary early this morning for the murder of his wife more than a year ago. Davy was sentenced to die without a jury trial, the first case of its kind in Ohio courts. He chose to take his chances with the court and entered a general plea of guilty of homicide. Judge Kinkead, in fixing the degree of the crime, found Davy guilty of murder in the first degree and sentenced him to be electrocuted.

ARRESTS MADE IN BOMB CASE.

Official of Shoe Repairers' Body is Questioned.

Police Claim New Confessions in Cobblers' War.

Where Dynamite is Purchased Puzzles Authorities.

(EXCLUSIVE DISPATCH.) CHICAGO, Sept. 20.—Leo M. Levinson, secretary-treasurer of the United Shoe Repairers' Association, was arrested today for questioning in connection with the cobbler's dynamite war. Levinson announced his willingness to tell all he knew of the bombing, and had named a former business agent of his association as the man who hired the grenade throwers.

Chief of Detectives Hughes indicated that Levinson probably would be released after questioning. He would neither affirm nor deny that his office was seeking Aaron Sanderson, arrested in a similar connection last May.

CONSPIRACY VICTIM. Levinson declared that despite the confession of William G. Smith, charging him with having furnished the money that went to pay the dynamite, he could prove himself the victim of a conspiracy. He stated that the reign of terror in the shoe repairing business had been started as part of an extensive plan to bring the association into disrepute.

The man named by him was arrested in May after the wrecking of the shoe shop of Harry Moschman. "I have had detectives trailing these bombers since that outrage," he said, "and I furnished the police with much of the information that led to the capture of these men now accused of leading the bombing business. If I had been involved I wouldn't have hired detectives."

TWO NEW CONFESSIONS. Two new confessions today strengthened the case of the police against the five men held in connection with the dynamiting outrages. Michael McGovern, alias Beach, and John Barry, who lived at the bombers' headquarters, are said by the police to have made partial confessions, clearing up many mysterious phases of recent grenade battles.

Despite Levinson's remarks, Chief of Detectives Hughes made the statement today that he connected Richard Burke with the leadership of the gang.

POLICE PUZZLED. "We are puzzled," said the chief, "as to where these men obtained the store of dynamite found at the Kimbark-avenue address. It is manifestly impossible that they could have purchased it. We are canvassing powder houses to discover whether or not any of them have been robbed recently."

Burke was shot and Barry captured after the explosion of a bomb in front of the shoe shop of Andrew Krennan. The others were trailed and later captured.

McGovern and Barry are said to have admitted that they took jobs as dynamiters at \$10 a week and had just joined the band. Smith, however, declared that they had been principals in other bombing enterprises, according to the police.

CAN'T STAMP OUT HOME BREW IN CHICAGO, SAYS DRY AGENT; WOULD TAKE AN ARMY OF MEN.

(EXCLUSIVE DISPATCH.)

CHICAGO, Sept. 20.—"We cannot stamp out home brewing in Chicago," said John Kellander, prohibition officer for Illinois, discussing the dictum by the Treasury Department that home brew is illegal.

"We would have to station men on every doorway in Chicago, night and day. We cannot enter a house without a search warrant and then we must have reasonable grounds for believing the home brew is being sold. If it is made solely for home consumption I believe the brewer is safe."

"Nonintoxicating fruit juices may be made at home, but home brew, distilled spirits and intoxicating wines are all prohibited. I have written to Washington for a full statement of just what I may do and will enforce the law to the best of my ability."

"However, the home brewer is taking a big risk in any event. No one can have in his kitchen or basement the proper facilities for making beer. Vessels should be sterilized and the liquor should be filtered through wood pulp, pasteurized and aged in sterilized air. Home brew is certain to be green, unclean and injurious."

U. S. Dist. Atty. Clyde Anderson said that stores selling stills and home-brew apparatus would be visited and names of all purchasers secured. Prohibition officers will then visit these places and give warnings.

JURIST CONVICTS MAN WHO CRITICISED HIM.

CHICAGO POLICE CHIEF FOUND GUILTY OF CONTEMPT OF COURT.

(BY A. P. NIGHT WIRE.) CHICAGO, Sept. 20.—Chief of Police Charles Fitzmorris today was found guilty of contempt of court because of interviews criticizing Judge David of the Superior Court, and given the choice of a \$100 fine and five days in the County Jail or no fine and six months in the State Prison.

The finding was made by Judge David, who suspended serving of the minimum for six days, however, to give Fitzmorris' attorneys time to prepare an appeal.

"It is not my desire to actually confine this man in jail until a higher court has passed on my decision," announced Judge David.

The case arose over Fitzmorris' criticism of Judge David's conduct of certain angles of the case of Carl Wender, found guilty of murdering his wife, her unborn baby and a ragged stranger.

Judge David, in his finding, said that he had nothing to indicate that Fitzmorris "did not intentionally try to embarrass the court."

The case arose over Fitzmorris' statement tonight Fitzmorris declared Judge David's manner of handling some cases give crime an impetus in Chicago.

"I face a jail sentence," he said, "because I dared to say that a double murderer should be hanged. If Judge David is let alone he will have a lot of policemen in cells even if the criminals have to be turned out to make room."

MENOHER RESIGNATION ANNOUNCEMENT TODAY.

SECRETARY OF WAR WEEKS MAY MAKE PUBLIC DECISION TODAY.

(BY A. P. NIGHT WIRE.) WASHINGTON, Sept. 20.—Secretary Weeks expects to announce tomorrow his action on the request of Maj.-Gen. Charles T. Menoher to be relieved from duty as chief of the Army Air Service. As the Secretary has indicated his inclination to accede to the request, it was anticipated that he would disclose his selection as successor to Gen. Menoher.

The secretary also declined to comment on reports that Brig.-Gen. William Mitchell, assistant chief of the service, and director of the aircraft operations, had tendered his resignation. He indicated, however, that the matter would be cleared up by his announcement.

NEWPORT NEWS (Va.) Sept. 20.—Brig.-Gen. William Mitchell, assistant chief of the Air Service, declined to comment on reports that he had asked the War Department to relieve him of his duties as Chief of the Air Service.

POLITICAL ECONOMY PROFESSOR PLACES BLAME ON CATHOLIC WOMEN IN MEET.

(BY A. P. NIGHT WIRE.) MILWAUKEE, Sept. 20.—The root of unemployment is in the credit system, according to J. R. Commons, professor of political economy, University of Wisconsin, who addressed the National Conference of Catholic Charities today.

The work of the National Council of Catholic Women will include next year maintenance of the national service school, immigration aid, protection of women and girls, and active participation in all conferences concerned with the discussion of moral, social and industrial questions, said the report of Miss Agnes Regan, executive secretary.

Two hundred nuns are attending the conference.

CREW OF LOST BARK LANDED IN BAY CITY.

MEN WERE FIFTY-FOUR DAYS ON ISLAND BEFORE BEING RESCUED, THEY SAID.

(BY A. P. NIGHT WIRE.) SAN FRANCISCO, Sept. 20.—Twenty-five members of the crew of the Swedish bark, Mont Blanco, which was burned in the South sea several months ago, reached San Francisco today aboard the Haver Marmora from Manila.

The sailors, following the burning of their ship, lived in small boats on an island, and were marooned there for fifty-four days, existing on coconuts and other food obtained while on the island. They were nine days and nights on the open sea in the small boats before reaching the island, they said.

The bark was en route to Europe from Newcastle, Australia, with coal, at the time she caught fire.

"LUCKY BALDWIN" ESTATE

1300 ACRES to be Auctioned

Everyone knows "Lucky Baldwin" as one of the famous, romantic characters of early California days. At his death he left a princely estate in the heart of beautiful San Gabriel Valley. And now 1300 acres of this Estate known as the "Canyon Orchard" is to be sold at auction. And lucky will be the person who is fortunate to get these 1300 wonderful, fertile acres. The property runs back from the Foothill Blvd. into the Canyon and would be a magnificent site for any of the following purposes:

- A Resort Hotel Sanitarium
- City Lot Subdivision Suburban and Acre Home Sites.

There are now two resorts in this Canyon, and one similar could be built on this property.

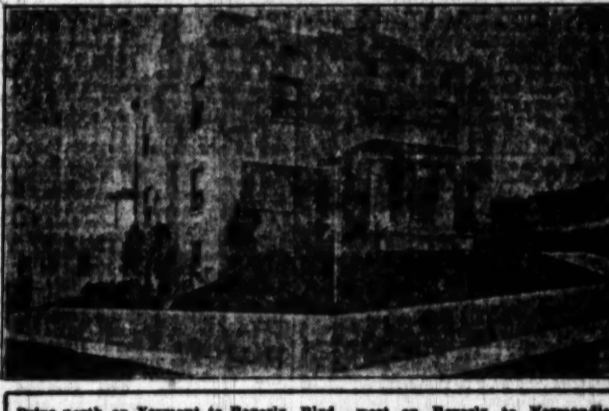

On the Foothill Boulevard and Santa Anita Road THURSDAY, OCT. 6th, 2 P. M. ON THE PREMISES

The 1300 acres include 240 of the most profitable orange and lemon groves in the Southland. These sunny, fertile acres of "Lucky Baldwin" were the pride of his heart. The property is adjoining and within the city limits of Arcadia and Monrovia, and is close to the Santa Fe and Pacific Electric Lines. These two lines, with the Foothill Blvd.—the finest paved boulevard in Los Angeles County—and Santa Anita Road, give splendid rail and road service.

The beautiful, tumbling Santa Anita Creek is on the property. From this creek an abundance of water can be developed for copious irrigation of every acre in the tract. The acreage is suitable for all California crops. Thus the Santa Anita stream is valuable for whatever purpose the property may be used. Owner reserves one-half the oil and mineral rights. This property is about 12 miles from Los Angeles. Don't neglect this unusual opportunity.

War Finance Corporation at Last on Practical Working Basis; Crop Situation Tends to Optimism.

BY CHAPMAN HALL.
 ing now in the economic limelight. Every unfavorable influence, almost, is being suffered this season, and yet the anomalous condition exists that the greater the reduction in production the better off the cotton-growing sections of the country are likely to be.

The carry over of American cotton is said to be 10,352,000 bales, but with this season's crop restricted to around 1,000,000 bales there is good reason to believe that the enormous surplus accumulated last year and which led to breaking the market will be wiped out and the 1922 production put back on a basis which will more closely approximate normal. Thus, the less we grow the greater the return, and those who are closely following the market are confident that the millions in frozen cotton credit will soon begin to thaw. Recent advances support this belief, and the cotton situation at large is more hopeful than it has been at any time since last fall.

The condition of the crop in Arizona is reported as exceptionally fine and in the Imperial Valley and other Southern California cotton districts it is satisfactory. The Twelfth Federal Reserve District, which is suffering from the boll weevil, and through introduction of economic weevil, has had a harvest which the cost of production there will be considerably lightened.

The War Finance Corporation and private loans have financed the carry over and the growers will be in a position to take advantage of the better prices. There will be some rough spots still to negotiate, but at last the sun is shining through the clouds and which have filled the sky for so many months.

ANOTHER GOOD SIGN.
 While on the subject of crops it is pleasant to note another big California producer in the goldmines last year, but which is emerging from the slough and seems to be in for a profitable harvest.

The war has recently visited some of the great rice fields in the Northern part of the State and found among the growers the same feeling of encouragement which is elsewhere manifest.

Great strides have been made this year in reducing production cost which is not likely to be more than 40 per cent of last year's overhead. The crop is in excellent condition and the harvest will be started this week, about 140,000 acres being involved. The yield will be above 5,500,000 bushels of paddy. Since the freight rates were lowered last August 20 railroads have been moving rapidly and one day five solid trainloads of 200 cars containing 7000 tons of the fruit moved out of the Fresno district. This one shipment alone, based on an average price of 8 cents per pound represented \$1,120,000 to the growers.

In all the great California crop movements this year there has been a material advancement in the co-operative marketing plan which has brought forth returns to the growers and eliminated much of the worry which has attended the marketing of previous crops.

AT HOME.
 The Los Angeles Stock Exchange is now well established in its new home and the members are thoroughly acclimated to the greatly improved surroundings. The president of the exchange, Frank Hervey Feinberg, has returned from an automobile vacation tour through the back country of San Diego county, and although part of the journey was made on foot, the outing was far enough away from the growing of the bears and the roaring of the bulls to be refreshing and stimulating.

BUSINESS NEWS.

Interests in a position to know are looking for developments in Mexico favorable to American investors, according to brokerage advisers yesterday. This is manifest in the rising tendency in Southern Pacific net earnings which show a \$5,000,000 increase for the first seven months of the current year over the same period last year. There is also a better feeling in the oil world, both at home and abroad. A statement made yesterday by officials of the Republic Petroleum is to the effect that the first August sales of crude by this company totaled 1,175 barrels at an average price of \$1.15.

This is the first time production has exceeded 50,000 barrels. During the year, the company's authority asserts that the company will again drill through the cement in its Huntington well when it is expected the water shut off will be complete. If this expectation is realized, the company's production should be between 40,000 and 50,000 barrels, it is said. McDonnell & Co.'s closing cotton letter reported continued strength in that market with prices recovered more than 2 cents per cent since the recent decline. The suddenness of the rebound has revived bullish confidence in the cotton market. Prices as the result of a short crop. Liverpool was better than due; spot prices were higher at home and reports still point to further reduction in estimates of the yield at the end of this month.

On the Los Angeles stock exchange there was considerable activity in the mining issues. The whole market continued to swing within narrow limitations. About 30,000 shares of Adams were sold from an opening at \$3.00 to a closing bid at \$2.50. Goodyear was steady around \$6.00. Union of Delaware sold at \$1.00 and California at \$4.00 but in general there was small change in market conditions over the preceding day.

Items in which the trades found gossip material during the day were the sale of \$10,204,000 railroad equipment trust certificates by the War Finance Corporation to local interests in New York; the estimate of geological experts that the surplus copper stocks in the United States are between 750,000,000 and 1,250,000,000 pounds; and the statement by Daniel Ward, of Baltimore & Ohio Railroad that he believes present labor disputes will be adjusted, and all possibility of strike avoided; the consideration of a further reduction in discount rates by the Federal Reserve Board and the disappearance of bankers of the exemption of Liberty bonds from taxation. The average price of twenty industrial stocks yesterday 70.04, a decline of .71 per cent. The same number of rails showed an

A liability or obligation resting upon an organized community has long been recognized as constituting a security of the highest type because the community represents so many diversified interests that under all conditions it maintains its average ability to pay.

We offer 1915 Act Improvement Bonds, issued by incorporated cities of California.

Payment guaranteed by the whole city.

Maturities one to ten years.

Like the Sands of the Desert

It used to be that "holders" meant a wealthy class, limited practically to the wealth in the country. That condition has changed. There are now great reservoirs of people at large.

For the reserve we pay a hundredth part of the principal through the divisions of the company. And on the great reservoir of people at large.

That fact, in our opinion, is the first class interest of the community, and it is quite as faithfully as any other.

POSTPONE OREGON GOLF TOURNAMENT.

(BY THE ASSOCIATED PRESS)
PORTLAND (Or.), Sept. 20.—The Oregon State golf championships will be decided at the annual tournament to be held the week of October 10-15, according to decision just reached by the Portland Golf club. The tournament was to have been held Sept. 13-17, but was postponed.
Several reasons were assigned for staging the annual State event later than usual, the principal one being that a number of the State's leading golfers went to St. Louis for the annual amateur championships opening Sept. 17. Another was that some of the greens were in poor condition on account of shortage of water at the suburb where the course is located.
Officers of the Portland golf club are now making extensive plans for the tournament. Considerable work will be done to put the links in good condition.

NAMED TO ATTEND BASEBALL MEETING.

(BY THE ASSOCIATED PRESS)
TACOMA (Wash.), Sept. 20.—Bob Brown, manager of the Vancouver, B. C. club of the Pacific International Baseball League, has been elected to represent the league at the annual meeting of minor league executives in Buffalo in December.
Directors of the P. I. league, which in 1931 was made up of teams from Tacoma, Yakima, Vancouver and Victoria, are considering adding two or four clubs to the circuit next year in order to create more interest in the games. Teams from Everett, Bellingham, Spokane and Walla Walla will be considered.

ON TRIAL FOR WIFE MURDER.

Man Charged With Slaying, Hiding Body in Trunk.

Seattle Police Declare They Have Strong Evidence.

Accused Was on Parole from State Penitentiary.

(BY A. P. WIRE.)

SEATTLE, Sept. 20.—Seven men and four women were seated tentatively in Superior Court here today, as jurors to try James E. Mahoney, on the charge of murdering his elderly wife, who disappeared shortly after their marriage last spring and whose body is said to have been found in a trunk in Lake Union, here. The twelfth seat in the jury box was temporarily vacant when court adjourned for the day.

All of the eleven jurors passed for cause and were accepted by the court. The state and defense attorneys together have fifteen such challenges. It was predicted that another day, possibly two, would be required to complete the jury. As the regular panel had been exhausted, Judge J. T. Ronald summoned a special venire of 100 to appear at the opening of court tomorrow.

POLICE ON GUARD.

Special details of deputy sheriffs and uniformed police were placed on duty today in the courtroom.

Mahoney's counsel declined to indicate prior to the trial the line of defense he would follow. Filing of an insanity complaint against Mahoney by his mother shortly before his arraignment on the murder charge was taken as an indication that an insanity defense would be made. The counsel in an interview also declared he did not believe the body found was that of Mrs. Mahoney.

Judge Ronald denied a motion of the defense for change of venue, but explained that his decision was only tentative and that should examination of the case lead him to doubt that a fair trial could be obtained here, he would remove the case to another county for trial.

CONVICTED OF ROBBERY.

Mahoney, former railroad brakeman, on parole from the Washington State Penitentiary, where he had been sentenced to life for the robbery of a mail train in 1921, was charged with first degree murder Aug. 11, 1931, three days after the body of his wife, Kate, was found in a trunk in Lake Union.

Mahoney was 38 years old at the time of the arrest. His bride, whom he had married Feb. 16, 1931, was 32. She was reputed to be a prostitute in Seattle and elsewhere, valued at more than \$100,000.

Mrs. Mahoney was last seen April 16, as far as the police could determine. On that day, in company with her husband, she was visited by Dr. Frank E. Wood, a Seattle dentist. Dr. Wood later identified the body found in Lake Union as that of Mrs. Mahoney, through dental work he had performed for her.

The night of April 16, 1931, police declared, Alvin A. Jorgensen, a Seattle dentist, was called to Mahoney's residence to take a trunk to Lake Union. After the body was found, Jorgensen, after announcing, identified Mahoney as the man who had taken the trunk to the lake. The proprietor of a boat-house pointed out Mahoney as the man who had taken the trunk to the lake, and had failed to return it.

AUNT SUSPICIOUS.

Mahoney first came under suspicion in connection with his wife's disappearance when Mrs. Kate Stewart of Vancouver, B. C., a niece of the missing woman, received a number of letters, purporting to have been written by her aunt, and dated from Seattle, Idaho, and Portland, Ore. Her investigation resulted in the arrest of Mahoney May 9, on a charge of forgery. In connection with an alleged order on a safe deposit box maintained by his wife, two additional forged checks were found, both arising from an alleged fraudulent attempt by Mahoney to gain control of his wife's property.

Following his arrest, Mahoney maintained that he and his wife had left Seattle for St. Paul the night of April 16, and that he had left her there, returning to Seattle, while she continued east with the expectation of visiting Cuba. A nationwide search was instituted, but she could not be located. Meanwhile, police officers obtained from Jorgensen and the boat-house proprietor, placed divers at work in Lake Union, according to Dr. William Dehn of the chemistry department of the University of Washington, who conducted the analysis. After Mahoney had been charged with murder, Jorgensen reported he had been acting as a body guard for Mahoney, and that he had examined into his mental status.

The commission found Mahoney sane, and he was required to plead to the murder charge over the objection of defense counsel, who argued he should be tried before a jury on the insanity complaint. The prisoner stood mute when arraigned, but he was later declared a plea of not guilty in his behalf.

ASKS LEAGUE TO NAME ARMENIAN BOUNDARIES

(BY CABLE AND ASSOCIATED PRESS.)

GENEVA, Sept. 20.—Gilbert Murray, representing Australia, introduced a resolution in the assembly today providing that the boundaries of Armenia be defined.

A Council of the League established an important precedent today when it decided to refer to the Assembly the dispute between Poland and Lithuania concerning Vilna, considered a fortnight ago to have been settled, but reopened because of the attitude of the contending parties.

Much Suffering Caused by Waste Products in the Blood

What Science Knows About the Matter and How It is
Best Treated.

The blood is more important than
any of the organs. It is through the
blood that the whole human body is
directly or indirectly nourished.
The blood gets its nourishment
from the intestines. The intestines
also contain waste products—un-
digested foods, acids, gases and re-
fuses, which sometimes get in the
blood.

When waste products get in the
blood, nature will strive to cast
them out. If your resistance is
strong enough, nature will prob-
ably succeed. But if you are "be-
low par," weak, run-down, and
nervous, nature will begin to show
signs of distress.

As a result, you will have that feel-
ing of fatigue. You will lack the en-
ergy you need for the day's duties
and pleasure. Minor ailments will
begin to afflict you—pimples, black-
heads, and boils.

If the waste products are not got-
ten out of the blood at this point,
it is possible a more serious skin
eruption or disease will begin to

show itself. It is not infrequent for
waste products to settle in the mus-
cles and joints and cause rheuma-
tism.

Listen to nature's warning. Your
blood is your fountain source of en-
ergy—therefore keep your blood rich
and pure.

For over 50 years, thousands and
thousands of men and women have
relied on S. S. S. to clear their blood
of waste products. S. S. S. will im-
prove the quality of your blood by
relieving you of waste products
which cause impoverished blood and
its allied troubles—skin disorders,
rheumatism and a lowered vitality.

LIQUOR, WOMEN TRAGEDY CAUSE

Police Blame Moonshine
Booze for Dual Shooting.

Death Inquiry Reveals Life
Tangle of Oil Worker.

Bakersfield Girl Denies She
Knew Slayer-Suicide.

Too much moonshine whiskey and
too many girls, according to the po-
lice, were the cause of the murder
of Miss Esther Greening, 30 years
of age, in front of her home at
1311½ West Fifty-first street late Monday
night by Albert Pemberton, alias Dr.
A. F. Burke, and his subsequent
death by his own hands. A note-
book, filled with the names and ad-
dresses of women and notations of
wild parties, caused the police to
reach this conclusion. The book
was found in Pemberton's pocket.

The murder and suicide also
brought to light the duplicity of the
dead man. To Miss Greening and
her family, he posed as Dr. A. F.
Burke, a young surgeon and physi-
cian, just working up a practice. To
persons living in his boarding house,
at 1311½ West Fifty-first street, he said
he was the secretary for a large
local oil company. In real life he
was a clerk in the Puente Oil Com-
pany's main service station.

From what could be learned
from the dead girl's family, it ap-
pears that Pemberton was intro-
duced to Miss Greening about three
months ago by a girl friend as Dr.
Burke. After the introduction, he
called at the Greening home many
times. Monday evening he appeared
by appointment and took Miss
Greening to a motion-picture show.
The two returned at a late hour and
were talking in front of the girl's
home. Two shots were heard by
the family, and when an investiga-
tion was made, Pemberton and the
girl were found on the porch dead.
A revolver was clutched in the
dead man's hand.

During the subsequent investi-
gation of the murder and suicide by
attaches of the University Police
Station, it was discovered that Dr.
Burke's real name was Pemberton,
and that instead of having been a
physician he was a clerk in an oil
office. From papers and letters
found in the dead man's clothing,
the police learned of many women
in the young man's life. A letter
also was found addressed to a Miss
Lillian Ansley, 2114 K street, Bak-
ersfield. In the letter, the young
man hinted at what he intended to
do, and also spoke of an attempted
suicide of another date.

Members of the Greening family
denied to the police that Pemberton
and Miss Greening had intended
to marry. They declared that
the two were just good friends, and
stated that Pemberton, known to
them as Dr. Burke, had always con-
ducted himself as a gentleman when
calling at their residence. They were
unable to explain his suicide or his
action in shooting down Miss Green-
ing.

The body of the dead girl is at
the Utter & Ruppe undertaking
establishment. The body of her
slayer was removed to the E. C.
Overholzer undertaking establish-
ment.

DENIES KNOWING MAN.

(BY A. P. DAY WIRE.)

BAKERSFIELD, Sept. 19.—Mrs.
Lillian Ansley, named in a note left
by Albert Pemberton when the lat-
ter was found dead from revolver
wounds following the shooting of
Esther Greening in Los Angeles,
said today she had no recollection
of Pemberton, and did not
know why he had mentioned or ad-
dressed a note to her. Mrs. Ansley
is the wife of an oil worker here,
and has, from time to time, ap-
peared in minor parts and as a su-
pernumery in motion pictures at
Los Angeles. She said she made
her home there with her step-
father, at Edendale, and that he was
engaged in the same kind of work.
Some times, she said, at social
gatherings, they met men and wom-
en whose names she did not after-
ward recall, and if she had ever met
Pemberton it must have been in that
way.

School Bonds Bring Premium; New Sale Made.

Despite Los Angeles' recent sale
of \$15,000,000 of harbor bonds at a
discount that figures close to
\$2,000,000, school bonds again were
sold at a premium by the Board
of Supervisors yesterday. The board
made the following awards: Hunt-
ington Park Union High, \$75,000,
to E. H. Rollins & Sons at a
premium of \$1,000; South Pasadena
City High School, \$125,000, to Frick,
Martin & Co. at a premium of \$2,000.
Ten bonds were sold for the latter
bonds, all of which offered
premiums and six of which were in
excess of \$2,000.

New Cloth Dresses

ARTISANS who designed the new fall frocks for Rob-
inson's obviously took delight in doing it.

They have the spontaneous air of workers finding joy
in their media: of fabric, of classical or medieval lines and
of ornament.

The new Cloth Dresses are of Poiré Twill and trico-
tine, in navy, browns and black. There are loose line frocks
for street wear, dependent mostly upon beauty of material
and workmanship for chic. New embroideries in self and
contrasting colors; small wooden beads arranged in straight
lines like braid; handsome vestees and elaborate sleeves dis-
tinguish the afternoon frocks.

A great number of these frocks and gowns are made
for women with full figures on lines that give slenderness.

Some of the new Cloth Dresses are priced as low as
\$49.50; the silk—one of which is sketched herewith—at
\$55.00.

THIRD FLOOR

New Suits at \$59.50

IN CHOOSING the tailor for fall, one wants to be cer-
tain of authentic styles.

Robinson's are showing misses' and women's Suits
that are replicas of many that are being displayed in east-
ern and European style centers.

A model in brown velour de laine for the larger wom-
an favors simplicity. It is priced at \$59.50.

Smart tricotine models, button trimmed with slash
pockets, come in a wide range of sizes. Some of the string
belts are finished with small buckles.

A third model is embellished with silk embroidery
and French knots. This has a convertible collar.

For Wednesday, then, a special showing of attractive
Suits at \$59.50.

THIRD FLOOR

Pearl Beads \$3.95

One Day Only

FIRST FLOOR

WHAT so lovely
encircling a pret-
ty throat as a strand of
Pearls? And what so
fashionable?

Robinson's have re-
duced, for one day

Baby's Autumn Wardrobe

KEEPING Baby snug and warm and still not "bundled up"
is the problem autumn brings to mothers.

A visit to the Infants' Department at Robinson's with its
new fall things for babies will nicely solve the problem.

A few of the good values to be had are mentioned:

There are blankets, soft downy Blankets in various sizes and
styles. Prices beginning at \$1.25.

Knitted and crocheted Jacques in dainty little coat styles, as well as
the conventional Jacques style and also in the Nightingale model, come in
white, pink and white and blue and white, at \$1.75.

Bootes in three-quarter length are priced as low as 85c a pair.

Bootes in three-quarter length may be had as low as 50c a pair.
Little Felt Shoes, the ideal shoes for Baby when cool days come, are
priced at \$1.25 a pair.

There are many other little garments that Baby will need for his
autumn wardrobe and they may all be found at moderate prices in the
INFANTS' SECTION—FOURTH FLOOR

Handmade Blouses \$4.95

HANDSOME Blouses (200 of them) of fine batiste and voile have much
to commend them to the wardrobe of the most fastidious woman.
dainty hand embroidery, drawn work and fine tucks, together with real lace.

Besides white, there is orchid, pink and Copenhagen.

All are priced remarkably low—\$4.95.

THIRD FLOOR

Fiber Sweaters \$5.95

SO MUCH do these Fiber Sweaters resemble those of pure silk that it is
difficult to know the difference. They come in both plain and
weaves with tuxedo collar and self sash. The colors one may have are
brown, jade, henna, gray, pink and Copenhagen.

They are priced low at \$5.95.

IMPERIAL UNIT ON POWER PLAN

Valley Insists on Canal as Part of Boulder Work.

Resolution Favors Federal Control of Project.

Los Angeles Men Fail to Win Backing at Meeting.

(EXCLUSIVE DISPATCH.)
EL CENTRO, Sept. 18.—Imperial Valley will support a united project for a storage and power dam at Boulder Canyon and construction of an all-American canal for reclamation of the lands of the Imperial Valley for former service men.

This was made plain to Imperial Irrigation directors and representatives of the Coachella water district this afternoon at a conference which followed a meeting this morning, at which all factions were represented. The morning meeting was attended by delegates from the Associated Chambers of Commerce, Imperial County Farm Bureau and allied posts of the American Legion, and by taxpayers, bankers and water users.

By unanimous vote the gathering adopted a resolution demanding that the irrigation board that no arrangements be made for disposition of power from Boulder Canyon dam until legislation has been secured insuring construction of the all-American canal. A second resolution favored Federal supervision of construction of the Boulder dam and Federal control of operations thereafter, thus insuring adequate water for irrigation of all lands in the Colorado delta and protection against floods.

At the afternoon conference the assemblage was increased by five representatives from Coachella Valley and the Imperial Irrigation board. President Nickerson of the Imperial Irrigation District favored sending an unopposed delegation to Washington, to secure the best possible terms for the valley's project, with assurance that the all-American canal would be included in the program.

DODGE SHACKLES.
Mr. Nickerson, who presided at the meeting, refused to accept and place before the meeting several motions which would have tended to limit the board in its negotiations in Washington. He was supported by the Coachella representatives.

Special Counsel Matthews of the Board of Public Service Commissioners, and Chief Electrical Engineer Scattergood of the Los Angeles Power Bureau, attended both meetings and explained the attitude of the city of Los Angeles. They stated that Los Angeles is desirous of securing the power rights of Boulder Canyon on terms acceptable to Imperial Valley and would render all possible aid in the all-American canal project. They were given a courteous hearing, but it was apparent that the valley organizations have no intention at this time of making any alliance.

MATE CITES LATE HOURS, TAXI RIDES.
Names Co-respondent, Gives Date, Hotel Room Number and "Full Particulars."
Charles L. Perrin is named as co-respondent in a divorce action filed yesterday by Charles A. Elligitt against Otella S. Elligitt.

According to the complaint, Mr. and Mrs. Elligitt were married April 4, 1918. In 1918 they were living at Napa, Utah, where they own a 320-acre ranch. Mr. Elligitt charges that at this time his wife devoted too much time to dances and made a practice of meeting a man who lived on a ranch three miles away and spending so much time in his company that Mr. Elligitt felt called upon to leave the country.

He moved to Inglewood in April, 1919, and charges that after having lived happily there for some time his wife began to show unreasonable coldness toward him and stayed out until late at night on numerous occasions. Specific dates are given when the husband says she arrived in Inglewood at late hours of the night in taxicabs or other automobiles which always allowed her to alight two blocks from the family home. The complaint then gives the date, hotel, room number and full particulars regarding the purported relationship with the co-respondent.

There are four children, age 14, 13, 12 and 10 years, respectively. Mr. Elligitt asks that he be granted the custody of these. His complaint was filed by Attorney Clyde Woodworth.

The Broadway Department Store Closes at One o'Clock Every Saturday in the Year

Beginning Wednesday and Continuing Thursday and Friday We Have Prepared for a Three Days' Sale of New Garments and Furs

—Plans have been under way for some time to make this a notable event in the garment section. —Various manufacturers have been visited. Very surprising co-operation has resulted in price opportunities that should bring you to the garment section with a desire to purchase coats, suits, dresses or furs. We want you to realize that the economies are well worth while, particularly this early in the fall season, when full regular prices are the order of the day. —The event will open on Wednesday with these prices available and will continue Thursday and Friday, with new opportunities taking the place of those which should be exhausted in the earlier selling.

New Dresses featured
At the Lowered Prices of \$19.75 & \$33.50

—An important purchase of 100 dresses to sell at the low price of \$19.75 should make buying very active early Wednesday.
—Dresses of tricotine, jersey, satin crepe and Canton crepes and satins. Long, graceful lines, smart dresses that are featured at \$19.75.
—100 fall dresses at \$33.50. Dresses that bring very much more in the regular way. Materials are satin, and Canton crepe, pique twill and tricotine. Silk dresses are in the long clinging lines. Wide girdles and shorter waistlines. Sizes 16 to 44.
—These in black, navy, brown, marabou and combinations.

New Fall Suits
Three Days' Selling at \$24.50 & \$44.50

—Each price representing an important saving—garments that we have provided particularly for this event. —The very suits of the moment. You'll surely want one of these when you see them.
75 Suits at \$24.50
—Yalama, tricotine and tweed mixtures. New fall garments that are smart to say the least of them. Some trimmed with beaverette collars. Choice of the long tailored models or the shorter box coat styles. Many have the silk stitching and embroidery. Complete size range. Black, navy, Malay and brown.
The Suits at \$44.50
—Splendid garments, every one of them, and selling for much less than regularly. —They're trimmed with opossum, mole and beaver. Many different styles included. Suits of a higher order that are made of mousseyne, yalama, doret de lute and tricotine. Choice of black, navy and Malay, Byzantine and Sorrento blue. Sizes 16 to 44.

Wonder Coats
In the 3-Days' Selling at \$24.50 & \$44.50

—Eastern purchase lots coupled with several lines from regular stock in these two remarkable groups.
75 Coats at \$24.50
—They're made of yalama, Bolivia, trimmed with beaverette collars or in untrimmed styles. Sizes 16 to 44 in navy, brown and marabou.
Beautiful Coats \$44.50
—A number of the higher priced coats in the favorite styles for fall. Black, navy, brown, marabou, in the better materials—Normandy, Bolivia, broadcloth; trimmings of beaverette and nutria. The result of a fortunate eastern purchase.

New Fall Skirts
Extraordinary at \$8.00

—This garment event is to be noted as well for this unusual opportunity to buy in new fall skirts at \$8. —Skirts that bring a great deal more in the regular way.
—Prunella, gabardine, velours in box, knife and combination pleats.
—Sizes range from 26 to 32. 75 skirts included.
—The colorings are beautifully blended into plaids and stripes, the new and accepted shades for this season. Navy, brown, black and Malay. An opportunity surely at \$8.

Moderately Priced Furs
Included in the Three-Days' Selling

—We have been fortunate in making a timely purchase of furs. Single and double chokers.
—Fur pieces that we are able to price so low that buying should be very attractive indeed. The opportunity includes:
Single Chokers
—Stone marten, lowered in price to \$22.50.
—Large sable marten lowered in price to \$25.
—Jap sable lowered in price to \$29.75.
Double Chokers
—Stone marten lowered in price to \$39.75.
—Jap sable, lowered in price to \$39.75.
—Russian fitch, lowered in price to \$19.75.

A Three Days' Featuring of New Fall Hats at \$15.00

—This seasonable sale of smart models in the new autumn styles should create a veritable sensation in our Millinery Department during the three days of the event. In many cases the prices are less than one-half, and that, too, on styles wanted right now. Reproductions of French models and exclusive pattern hats will be included. So that you may see at a glance the styles, materials and colorings available in this comprehensive offer we have listed them briefly below. As soon as you see that the style or the color that you want is here we advise your immediate attendance.

—The Styles Include
—Wide Brim Hats with irregular lines; Medium Brim Hats with soft flange edges; Hats featuring the Spanish effects; Close Fitting Dress Hats; Close Fitting Street Hats.
—The Materials Are
—Velvet, Duvelyn, Bagatelle Cloth, Metallic Cloth, Satin.

—The Trimmings Include
—Ostrich Facings (in glycerined effects); Flowers (including fuchsias and dahlias); Grape Trimmings; Circ Ribbon Bows; Hackle, feathers, including mounts of geese.
—The Colors Featured Are
—Porcelain Blue, Etruscan, Chow, Navy, Marrow, Paradise, Nut Brown, Loganberry, Poppy, Black.

SITE FOR NEW 'Y' AT PASADENA.

Organization Buys Valuable Property.

Inquest in Wilson Case to be Held Thursday.

Man in Crown City Jail Now Faces Bigamy Charge.

[LOCAL CORRESPONDENCE.]
PASADENA, Sept. 20.—The Young Women's Christian Association has just completed the purchase of additional frontage on East Union street, which will be made a part of the site for the new proposed building.

The association paid \$11,000 for a forty-five-foot lot abutting the George Curtis property. With this purchase the association now has a frontage of 305 feet on Union street and 193 feet on North Main street. The old buildings on the site have been moved off and within a few days work is to be started on the new structure, which will be fireproof and afford the association plenty of room for expansion.

TO HOLD INQUEST.

An inquest will be held on Thursday morning at the chapel of Reynolds & Eberle in the case of Mrs. Margaret J. Wilson, the aged woman who was fatally injured last night when struck by an automobile on East Colorado street.

After being held for several hours by the police while an investigation of the accident was made, Cecil R. Gulbraith, 15-year-old boy, who was driving the car, was released.

No arrangements have been made for the funeral. Mrs. Wilson was 73 years of age, a native of Iowa, and had lived in Pasadena for seven years. She was a prominent member of the First United Presbyterian Church.

Besides her son, Dr. J. M. Wilson of Pasadena, she is survived by a son, Rev. R. L. Wilson of Winchester, Kan., two sisters, the Misses Rose and Cynthia Wilson, retired missionaries from India, who reside in Pasadena, and two brothers, Charles R. Wilson and William G. Wilson of Morning Sun, Iowa.

Complying with the recently enacted State law, the Pasadena school authorities here are making a complete registration of every child in the city between the ages of 5 and 15 years. The registration is to be made October 8 to 10, inclusive, and is to be taken by John W. Harbison, child welfare director of the city school.

FACES BIGAMY CHARGE.

Stanley Barrows of Los Angeles, who claims she married Barrows two years ago, is the complaining witness. It is alleged by the police that on September 1 of this year that Barrows under the name of Stanley Barrows married Miss Alice Lane in Los Angeles. The man was arraigned before Justice of the Peace R. C. Strang today for Thursday morning. Bail was set at \$1000.

TO BUILD CHAPEL.

Churchmen Plan Addition to Indian School.

[LOCAL CORRESPONDENCE.]
RIVERSIDE, Sept. 20.—The sum of \$11,000 for a Protestant chapel at Sherman Institute, the government Indian school on Magnolia avenue, seems assured, following plans set in motion by the Riverside Federation of Churches.

One-third of the amount has been pledged by the Home Mission Council of New York City, one-third by the Superintendent's Council of Los Angeles, which will seek to raise it from the churches of Southern California outside of Riverside, and the balance will be contributed by the local church federation.

Sherman has 107 Protestant girls and 246 Protestant boys. The students will act as ushers at next Sunday's services of the Protestant churches. The Navajo Reservation contributed his entire fortune of \$3 to the school authorities on learning of the project.

YOUNG AT PORTERVILLE.

Elementary-Governor to Speak at Armistice Day Celebration.

[RECEIVED DISPATCH.]
PORTERVILLE, Sept. 20.—C. C. Young, Lieutenant-Governor of California, will be one of the principal speakers in the Armistice Day celebration to be staged in Porterville, under the auspices of the local post, American Legion, according to plans of Dr. T. A. Wingate, chairman of the speakers' committee.

Dr. Wingate is just in receipt of a message from the Lieutenant-Governor signifying his intention of accepting the invitation.

While the program is yet in a tentative stage it is understood to include an athletic show, a grand parade, patriotic program, dancing and fireworks.

BAND MASTER RESIGNS.

[LOCAL CORRESPONDENCE.]
ONTARIO, Sept. 20.—Fred Widdow, Jr., tendered his resignation to the City Council last night as director of the Ontario Municipal Concert Band to take effect at the close of the present concert season tonight. No action was taken on the resignation, but the matter of arrangements for next summer's concert season was referred to a committee including the present citizens' music committee, numbering R. D. Newell, James F. Howe and H. M. Shattuck and Councilman E. R. Alter.

NEW BANK OPENS.

[LOCAL CORRESPONDENCE.]
GLENDALE, Sept. 20.—The first savings bank of Glendale opened its doors yesterday. This bank is affiliated with the First National Bank of Glendale and is owned by the stockholders of that organization. They will have formal opening Thursday, receiving visitors from 9 a.m. until 5 p.m.

Betty Puzzles Authorities at Santa Barbara.

[RECEIVED DISPATCH.]
SANTA BARBARA, Sept. 20.—An 11-year-old girl, Betty Dawn, who calls herself, is puzzling the police. She has been charged with shoplifting and, the police say, confessed to the theft of a large amount of costly wearing apparel from Santa Barbara stores.

Today she faced a group of merchants and clerks, who stood piled before her, and laughingly joked with her victims over the easy manner in which she had taken coats, dresses and even expensive suit cases.

"The only thing I regretted, she informed them, sobbing in her manner for a moment, "is that I bobbed my hair and bobbed hair is out of fashion. How would I look in the East wearing this nifty French sport suit and with bobbed hair?"

The girl has been here four months, she said, and has been arrested more than ten times in Los Angeles, San Francisco and Portland.

PRINCES ON BOARD.

Japanese War Ship Brings Royalty To San Diego Harbor.

[BY A. P. WIRE.]
SAN DIEGO, Sept. 20.—

The Japanese armored cruiser Takino and Idzumo, commanded by Vice-Admiral Fates and with 400 naval cadets aboard, arrived here this morning for a stay that will continue until next Monday.

Among the cadets are two Japanese princes. Salutes were exchanged by the Japanese warships with American warships in the harbor, and later calls of courtesy were exchanged by the ranking officers of the two navies.

The Japanese ships are scheduled to sail Monday for Panama and after passing through the canal will go to New York.

BABY DROWNS IN TUB OF WATER.

[LOCAL CORRESPONDENCE.]
REDLANDS, Sept. 20.—Rachel

Malley, 13-month-old daughter of Mr. and Mrs. Abraham Malley, 503 Sylvester street, drowned in a tub of water at the home yesterday. The funeral was held this morning and the body of the child buried in Hillside Cemetery.

The mother had given the girl a bath and was engaged in caring for the other three children in the family. Rachel managed to slip from the house and was not missed. She found a tub in which the youngsters had been bathing and in the excitement of her play fell into the water and drowned.

The body was found by the other children when they ran to the tub to resume their play.

LONG BEACH MAN CHARGES ROBBERY.

[RECEIVED DISPATCH.]
SANTA ANA, Sept. 20.—Four persons giving their names as

Heinie Basold, Clarence Gammon, Wilbur County and Chester A. Percy, were confined in the County Jail here today, pending a formal charge of robbery. It was announced by officials.

According to George Talley, 67 years of age, of Long Beach, Costa and Percy invited him to the Basold woman's house in Seal Beach where he was to receive the purchase of some liquor. Talley said he later woke up in Long Beach minus \$115 and a gold watch, which was recently released from San Quentin where he served a sentence for a similar offense.

RESUME TRIAL OF MURDER CHARGE.

[RECEIVED DISPATCH.]
PORTERVILLE, Sept. 20.—Trial

of T. T. Conley, Lindsay rancher charged with the murder of Mrs. Silva N. Silva, whom he shot to death at the slaughter pen near Lindsay, March 4 last, was called in Department of North Superior Court before Superior Judge Wallace, in Visalia, this morning.

Much testimony had been experienced in securing a jury, which probably will not be completed for several days. Conley stands convicted of manslaughter for the killing of Joe Silva, husband of Mrs. Silva, and has been in the County Jail ever since the slaying. It required two trials to bring the verdict of manslaughter in the Joe Silva case.

NEW SUPERINTENDENT FOR POMONA EXCHANGE.

[RECEIVED DISPATCH.]
POMONA, Sept. 20.—H. W. Pierce, for the past three years field superintendent of the Pomona Fruit Growers' Exchange, has been elected manager of the Indian Hill Fruit Exchange at North Pomona.

R. K. Pitzer, newly elected president of the Indian Hill Exchange, announced Mr. Pierce's selection today. He will succeed Frank Knight, who recently resigned and will take up his new duties on November 1. Mr. Knight will remain in charge until that time. Mr. Pierce has had wide experience in the citrus business and his selection is a timely one.

MERCHANT'S SON TO FACE THEFT CHARGE.

[RECEIVED DISPATCH.]
SANTA ANA, Sept. 20.—James

Marigold, son of a prominent Santa Ana merchant, was arrested today taken to the County Jail Santa Ana charged with the theft of an automobile, property of E. E. Lindsay, head of the Santa Ana branch of the Southern California Automobile Club.

Marigold, according to the officers, had removed the name Lindsay from the registration certificate and had substituted his own. The license numbers were also changed. Marigold denied the charge, claiming he bought it from an acquaintance. The car was reported missing more than three weeks ago.

[LOCAL CORRESPONDENCE.]
ONTARIO, Sept. 20.—The mystery which since July 15, 1917, has shrouded the brutal murder of Sacramento Garcia, 14-year-old son of Mr. and Mrs. D. Garcia, seems to be solved. The boy's dead body with his head beaten almost to pulp was found lying beside the Southern Pacific tracks between Ontario and Guasti, four years ago. The solution comes as a result of the investigation of Sheriff W. A. Shady. The alleged murderer is in jail.

The process of gathering evidence, Sheriff Shady reports having secured statements from three persons, who declare that Antonio Espinoza, age 22, confessed to them that he killed the Garcia lad at the point where his body was found. A grape picker made the discovery and reported to the Ontario police.

Espinoza is now in jail at Riverside, where he has been convicted of first degree burglary and sentenced to the State penitentiary. Following the discovery of the murdered body, it was learned that the boy had been sent on an errand by his parents, but had failed to return. He was last seen walking up the tracks and a man who had been seen walking with him was identified as Espinoza. Five days after the murder, Espinoza was arrested and charged with murder.

With American warships in the harbor, and later calls of courtesy were exchanged by the ranking officers of the two navies.

According to the three persons who have admitted to Sheriff Shady that Espinoza confessed the murder to him, he said he killed the boy because he "had it in for him."

According to these persons, Espinoza said he had been looking for an opportunity for some time and when he saw the boy walking up the tracks, he followed and, picking up an iron rod, beat him over the head. Then, according to the confession, he threw the rod and the lad might not be dead, he removed the shoe strings from the body, and he had been looking for an opportunity for some time and when he saw the boy walking up the tracks, he followed and, picking up an iron rod, beat him over the head. WANT HEIR TO TEXAS MASCOT.

Dreadnaught's Men Seek for
Successor to Bulldog.

Tobacco-Chewing Jim, Battle
Veteran, Dying on Ship.

Animal Served in Army, Navy
During the World War.

Who has an English bull puppy
to take the place of Jim? The of-
ficers and seamen of the dread-
naught Texas would like to know.
For Jim is dying, a victim of age
and wounds received in the service
of his country. Jim has been both
a soldier and a seaman, a thorough
veteran.

Jim is an English bull of good
breeding and parts with all the
valorous and kindly qualities of his
breed. He traveled overseas with
the Ninety-first (Wild West) Divi-
sion. He went over the top with
one battalion, up to the knees of
his benched legs in the mud; he
spurred at the German gas, barked
at cannon and growled at Fritz.
Then the men from the Far West
missed their mascot, Jim, the
founder, was A.W.O.L.

The next heard of Jim came in
a wireless message from Admiral
Beatty's barge.

"We have an American dog
aboard. What vessel wants him?"
asked the British commander-in-
chief of the American ships.

The operator on the Texas picked
up the call, and a few seconds later
the answer went back. "The Texas
will take him."

So Jim was transferred to the
Texas. A British seaman had picked
him up at a Belgian port. Jim was
an English bull but the land of his
birth was apparent by the fact that
he liked to chew tobacco, a vice
taught him by an infantry company
from Idaho.

Jim has been four years now the
mascot of the Texas. He has some
teeth. A full-grown dog when he
went over, Jim now is along in
years. He has given up chewing,
and lately has been taking care of
his health. But his reform has come
too late. Jim's constitution has
been weakened by disputation and
campaigns, says the chief surgeon,
who acts as veterinary and thinks it
an honor.

So the crew of the Texas, before
Jim dies, wants a puppy of his
breed, a Jim, Jr. Unfortunately
Jim always has been a wicked old
bachelor and will die without an
heir, at least as far as has been
learned. If romance ever entered
into Jim's life he never made it
known to his confidants of the di-
vision or the fleet.

Application for the writ of
habeas corpus on which Warren L.
Williams and Ralph R. Obenchain,
attorneys for Mrs. Madalynne C.
Obenchain, will seek to bring her
before the District Court of Appeal
in an effort to obtain her release
on bail pending her trial on the
charge of having murdered J. Nelson
Kennedy, will be filed some
time today. Original plans of Mr.

her." The suit was filed by Atty.
W. Leroy Thomas of Long Beach.

Court Tries to Settle Marital Feud of Pair.

An attempt was made in Judge
Toland's court yesterday to settle
the marital difficulties of Mr. and
Mrs. Elmer E. Cooper of South

a head by the filing of a suit for
divorce by Mrs. Cooper. The evi-
dence showed that Mr. and Mrs.
Cooper are still residing under the
same roof, and it was contended by
Mr. Cooper that as no actual de-
sertion had taken place, sufficient
grounds for divorce had not been
shown.

HOSPITAL PLANS ADOPTED.

Plans and specifications were
adopted yesterday by the Board of
Supervisors for the communicable
diseases building to be erected at
the County Hospital, northeast of
the psychopathic ward fronting on
Griffin avenue.

This new building will be H-
shaped, 164 by 158 feet, three stories
high, and will provide accommoda-
tions for 100 patients, with an al-
lotment of several private rooms and
wards. It will be constructed of
granite and brick in conformity with
other units of the hospital, and
will cost \$150,000. The plans also
provide for cottages to the amount
of \$18,000 to be used by the em-
ployees of this unit.

Mystery Death of Realty Man Investigated.

Mystery yesterday surrounded the
death of James E. McDonald, 37
years of age, a real estate dealer of
854 Fifth avenue who was found
dead by his business partner, Ray
Hodwick. The body is at the Ivy
Overholzer undertaking establish-
ment and a post-mortem examina-
tion will be made.

The police were told yesterday
that Mr. McDonald was last by his
partner Monday afternoon seated
in a chair in his apartment. Yes-
terday morning Mr. Hodwick dis-
covered the dead body in the same
chair.

HARBOR BOARD "SLATE" FRAMED

Conference on Harvard May
Break Deadlock.

Mayor Considers New Names
as Result of Parley.

Naval Man Urged by Chamber
as Commission Head.

The liner Harvard may yet be known as the "peace ship" if success crowns the efforts made during the Monday Harbor trip of the vessel to bring together Mayor Cryer and members of the city Council on the matter of the port board appointments.

As a result of conferences held on the cruise, it became known yesterday an entirely new "slate" of selections to the commission was discussed by the city officials and the members of the Chamber of Commerce who are volunteering their assistance in an effort to break the present deadlock. The new harbor board line-up suggested on the Harvard trip follows:

For president of the board: Frederick James Loomis, U.S.N. (retired); lieutenant-commander at Submarine Base during World War; graduate of Annapolis Naval Academy; engineer; home, 405 West Adams street.

For commissioner: E. P. Clark, long identified with the growth of Los Angeles as a capitalist and prominent factor in development projects.

Charles E. Richards, president of the Richards-Neustadt Construction Company; engineer and builder;

COURT TO JUDGE MARITAL RELAY.

Widowed and Separated from
Man Twice, Now Wife
Seeks Decree.

Mr. and Mrs. Fred O. Keeler again will ask the court to decide their marital troubles. A suit for divorce was filed yesterday by Mrs. Keeler on the grounds of extreme cruelty. Records show the couple were married in July, 1910; divorced in February, 1911; remarried in November, 1912, and separated in June, 1913.

Mrs. Keeler says her husband has made it his particular aim to poison the mind of their 15-year-old son against his mother, averring that he has taught the boy to tell his mother to go to hell, and has influenced the son to speak to plaintiff as only a stepmother. Mr. and Mrs. Keeler are former well-known residents of Lincoln, Neb.

home, 1211 Magnolia avenue.

Members of the harbor board discussed the harbor board deadlock during the cruise on the liner. The city Council, all of whom declared they were willing and ready to confirm men of proved capacity, special training, ability and integrity. The names of Commander Loomis, Mr. Clark, and Mr. Richards were suggested and the Councilmen said the records of the men were of such type that they would be glad to confirm their appointments.

The peace-makers then went to Mayor Cryer, who was much interested in the names suggested and said that he would be glad to give them careful consideration. President Weaver of the Chamber of Commerce brought Commander Loomis to the City Hall yesterday and introduced him to Mayor Cryer and a long conference ensued, following which Mayor Cryer said:

"I was glad to meet Commander Loomis and he impressed me as a man who knows his business. I am glad to consider him for appointment with other names suggested to me. I have had a number of conferences with President Weaver and others who desire, as I do, to see the best man that can be found in Los Angeles, placed on the new harbor board."

ACTS CAREFULLY.

"I am not an obstructionist, but this is a matter in which I must proceed carefully, placed as I am, and held responsible for the results obtained by the harbor board, so as to protect the interests of all the city."

It was the consensus of opinion at the City Hall yesterday that as a result of the Harvard conference, the Mayor soon will send in an entirely new list of appointments to the harbor board. While he may not send in the full slate of names, it is believed that at least one and probably two of the names will be on the new list, the most probable two names being that of the naval officer and Mr. Clark.

J. Walter Kays, an insurance man, recently appointed by the Mayor as fire commissioner and confirmed by the Council, may be selected for the third place. William Edgar McKee, a native of Los Angeles, who was ship-construction inspector for the U. S. Shipping Board at the Harbor during the World War, is also being prominently mentioned as a possible appointee.

DOMINGUEZ IS SIGNING BOND ISSUE

City Clerk is Working Day
and Night Affixing Name to
Securities Under Fire.

The \$18,000,000 issue of city of Los Angeles bonds authorized for the purchase of the distributing lines of the Southern California Edison Company in this city has arrived at the City Hall and under instructions from Special Counsel Mathews of the Board of Public Service Commissioners, City Clerk Dominguez yesterday began the task of affixing his signature to the securities. The signatures of Mayor Cryer and City Treasurer Fox will all be required on the bonds, and then the city seal must be affixed.

When the bonds arrived from the Security Bank Note and Trust Company of Philadelphia, City Clerk Dominguez, in view of the pending litigation filed in the courts asking to have the sale of the securities at a \$1,535,000 discount to Irving H. Hellman, set aside as illegal, asked Mr. Mathews for instructions. Mr. Mathews told the City Clerk to attach his signature to each bond, and Mr. Dominguez is signing the bonds, working night and day on the task.

The bonds are in denominations of \$1000 each, and as there are 18,000 of them, the City Clerk's task is heavy. He signs the bonds "Robt. Dominguez," and at night, when he is interrupted by his office, he can turn out about 100 signatures an hour.

Although the 1919 power bonds, the largest single issue the city of Los Angeles has ever authorized, have arrived and are being signed, those who are opposing the secret sale of the securities to Irving H. Hellman at a discount of \$1,535,000, and at a total loss to the city of nearly \$2,000,000, declare that the signed securities will be many months in the City Treasurer's vault.

Opponents of the sale are predicting that in the end the courts will set aside the sale and the securities, which bear 5 per cent interest, will then be ordered resold at public sale.

Walter Enman, 7 years of age son of Mrs. Stephen Enman of 8318 South San Pedro street, was fatally scalped yesterday when he fell into a tub of hot water while playing in the rear of his home. At the Receiving Hospital the child was treated by police surgeon and removed to a private hospital. According to the police, Walter plunged headfirst into a tub of water. Mrs. Enman in washing clothing. He died last night.

CALLED "DOPE FIEND," IS CHARGE OF WIFE.

ALSO ACCUSED OF INTIMACY
WITH OTHER MEN, SAYS
DIVORCE-SEEKER.

Pearl Reinhardt, an employee of the Public Library, who married Carl E. Reinhardt at Santa Ana, Dec. 18, 1920, charges in a divorce action filed yesterday that her husband accused her on the night of their marriage of being a "dope fiend" because she placed her tongue to a cork of a chloroform bottle in the hope that it would stop a bad cough occasioned by a cold, and that since their marriage night he has continually quarreled with her and has represented to friends and neighbors that she "was not quite right."

The complaint says the defendant continually charged her with having had a "peep" and on numerous occasions insisted that she "lay it bare." In this connection, it is averred, the defendant charged her with undue intimacy with Mr. Montford last May, all of which charges on the part of her husband are denied by Mrs. Reinhardt. IN HONOR OF HEROES.

Mayors Recognize Argonne Day,
Boost Ninety-first Reunion.

Official recognition of Argonne Day, next Monday, is being given by California mayors, according to word received yesterday by J. W. Sutphen, chairman of the Ninety-first Division reunion committee. The mayors of San Francisco, San Diego, Oakland, Berkeley, Venice, San Bernardino, Stockton and a number of smaller cities have issued proclamations reminding the citizens of the gallant performance of the Ninety-first on its first day under fire and asking that they decorate their homes and business houses with the American flag and the pine tree emblem of the division on the anniversary of that day.

The proclamations also ask that employers give their men leaves of absence to attend the reunion of the Ninety-first Division on the 24th and 25th inst. in Los Angeles, and suggest that something of the spirit of 1917 be shown when the men leave for Los Angeles.
